WEST HICKORY

West Hickory, Jan. 16—The regular meeting of the American Home Watchmen was held in the community house. There were not many present due to weather conditions. During the meeting several letters and cards received from our boys and girls in the service, thanking the local lodge for the nice Christmas boxes sent to them

were read. These Christmas boxes were sent to all our boys and girls in service in the states and overseas. Not even those inducted so close to Christmas were forgotten. This work sponsored by the Watchmen lodge was generously supported by the community.

Little Ruth Ann, daughter of Mr. and Mrs. Walter Enick was honor guest at a birthday surprise party at home Monday Jan. 15. She and her little school mates made merry from 4:30 to 6:30 with games and enjoyed the delicious lunch and birthday cake. Ruth Ann received many lovely gifts and best wishes for many more happy birthdays.

The Bible class of the Methodist church meets Friday night at the community house. Hostesses, Mrs. Marie Enick and Mrs. Bertha Caligueri.

Parked Cars Damaged By Skidding Auto

Two automobiles were damaged last evening when struck by an automobile that skidded after its control had been lost in crossing the railroad tracks at Fourth avenue. The car driven by Jerome Erickson, RD 3, Jamestown, was hurrying to take two sailors to the Pennsylvania railroad station and hitting the bump in the road got out of control.

In the car driven by Erickson and which was owned by Etheline A. Wilbur, RD 3, Jamestown, were Lambert L. Anderson and Mary Wilbur. According to the story told police the car was being driven at between 30 and 40 miles an hour when it hit the railroad crossing. In the bump that followed the machine skidded hitting the parked cars. These cars were parked in front of the Woman's Club and the Hamilton residence. Damage to all of the cars was severe. Insurance however was carried on the Wilbur car and the losses will be adjusted.

Erickson and Lambert are both in the U. S. Navy and were returning to duty following a leave. They were taken to the train.

Erickson did not have his driver's card but it was brought to the police station later in the evening. No arrests were made as the affair was considered purely accidental and all claims were adjusted.

OFFICIALS' EXAMINATION

High school athletic director J. B. Leidig has announced that the Pennsylvania Inter-scholastic Athletic Association will conduct a Basketball and Football Officials' examination at the Warren High School on January 25 (Thursday). The examinations pertain to all football officials who were unable to take the tests held last November 30, and to basketball officials who have not previously passed this examination.

HIGH SCHOOL BOWLING

The High School bowling will resume its match play Sunday afternoon at the Arcade alleys. All team members are reminded to be at the alleys early.

ROTARY SPEAKER

Brigadier Ralph Miller, Salvation Army leader from New York, will be guest speaker at the Monday luncheon-meeting of the Rotary Club, held at 12:15 p. m. at the YWCA activities building.

LEGION MEETING

Chief Complanter Post, No. 135, American Legion, will hold its regularly scheduled meeting Monday, January 22, at 8 p. m., at the Legion Home. At this meeting, plans for the annual visit of the department Commander will be discussed.

CONVENTION IS CANCELLED

The convention of Pennsylvania School Directors scheduled to be held in Harrisburg February 8 and 9 has been cancelled in compliance with the orders of the Transportation board. The present officers of the state association will continue in office for another year.

BROTHERHOOD ELECTIONS

First Lutheran Brotherhood members held their annual election of officers at the Lutheran church last evening, naming the following for 1945: Newton O'Dell, president; Ivan Brumagin, vice president; Alfred Lauffenberger, secretary; Eric Nelson, treasurer. For the program, Curtis Goodwin told many interesting facts concerning the Amish sect.

Dehydrated peaches, persimmons, grapes, pineapples and pears can be soaked in concentrated orange juice or grape juice to reconstitute them and make them easier to cut for use in fruit cake.

Stray Leaves From Notebook Of Reporter About Town

This service station thing isn't new. There used to be service stations around here years ago and let us tell you they were really used. One was located on the north Warren road just outside the borough line. It was formed from a hewn out log and filled by a bubbling spring which gushed forth from near three teens here, one here and one here. Teamsters stopped their teams and pulled them over to the trough and unhooking the bridles would "fill 'em up" and then proceed on their way. There was also a service station just west of the city at the top of the rise where the road crosses the railroad tracks. The horses filled up there and no ration coupons were needed although you didn't get so much mileage to the gallon. At the foot of Market street in the road at the apex of the Hulberg building there was one of iron with a tough and down at the base was a neat little trough where the dogs could lap a drink, too, if they were thirsty. Out along the country roads were other service stations which purveyed cool water to the thirsty teams on hot summer days. And at some of the troughs where the rivulet ran down, thoughtful persons had planted watercress and the drivers of teams picked and munched the cress as they waited for the horses to slake their thirst. One famous place for the garnering of water cress was in a small rivulet just east of the old covered Russell bridge but with the passage of years greedy folk pulled up the roots and the cress died out.

And another thing that has disappeared off the map is the trundling of houses through the streets. Remember when a fellow used to buy a house and then consult Bill Hollister? Bill was a famous house mover and he would come down and look a house over and in a few minutes announce whether or not it could be moved. Many a house in Warren has been hiked from one part of town to another. Bill had a batch of big timbers and blocks and a capstan and with the aid of a bunch of fellows he would get busy. Long heavy timbers were put under the house after it had been raised with jacks and then planes would be laid and rollers put in place. Some of the rollers had heavy wheels and looked something like gigantic roller skates. The capstan would be taken some distance forward of the house and staked down. Then a cable would be attached to the house, horses would march around the capstan winding the cable and the house would inch its way forward. When Bill got those big roller skate contraptions the house moved faster. One house that did a bit of moving is occupied today as an office by the United Lumber Company. It stood at one time on the site of the Coneywango Club and was given a tour up Market to Fourth and down Fourth to its present location on Beech street. Just wondering the other day if there is any equipment around today with which to

move houses or would the boys just load the house on a truck and hie away?

P. N. Belknap, local agent of the Pennsylvania Railroad was in yesterday with one of the new Pennsylvania railroad calendars. While here he held forth with some facts relative to the terrific lacing the railroads are taking due to the snow and ice of the past 30 day storms. He said the Oil City and Olean yards are jammed with cars for Buffalo and they cannot be moved as the Buffalo yards are filled with loaded cars. Many of them are loaded lots of crucial materials for the war effort. The cars are packed with snow from the ground to the bottoms of the cars. This has been iced in so that each car has to be tugged out individually and the task is a seemingly endless one when it is figured that from 5000 to 10,000 cars are in the yards. Until these cars moved no shipments can be made to Buffalo. The problem of getting coal into Buffalo is now getting to be a serious one. Erie too is suffering from a shortage of coal. To make deliveries to homes requires that the men carry the coal from the middle of the street into the home as the snow drifts prohibit driving close to a curb. After all Warren can be thankful that conditions here are as good as they are in the face of the severe storm that has swept over the country. State Senator L. E. Chapman, just home from Harrisburg said that the 15 inch snowfall there had broken all records and had transportation in the city effectively tied. He has been going down there for so long he is practically a native and cannot remember such a snowfall before.

Incidentally the Pennsylvania calendar is another in a series of calendars depicting the various phases of transportation of the PRR system and symbolizing the great power in America is now being distributed.

The picture on this year's calendar is that of a new streamlined four-cylinder steam passenger engine hauling a string of cars through the steel district against a background of blast furnaces. In extending the company's best wishes for 1945, W. S. Franklin, vice president, — traffic, states: "Greater than ever before in our national history, this power—provided by the American people, industry, agriculture and the railroads—is ready and immediately available to promote successfully the prosperity of peace when it comes through the heroic efforts of our armed forces. To all who have so heartily co-operated in keeping war and civilian needs moving the Pennsylvania Railroad extends its deep appreciation and thanks."

Pre-Induction Meet Monday For 2 Groups

For the two groups of selectees, leaving Warren and the county on Jan. 24 and 31, the Y. M. C. A. has scheduled a Pre-Induction meeting for next Monday evening, at 7:30 o'clock, in the "Y" building.

Dr. Arnold Kippen, of the Warren State Hospital staff, will give the talk to the selectees regarding the life-adjustments they face upon induction, and his message will be followed by a question-and-answer period providing ample opportunity for the discussion of problems of all sorts. The information panel will be made up of men in position to give much helpful data.

Since refreshments will be served, the "Y" is asking that those who plan to attend drop their reply cards in the mail no later than tonight, or telephone the Y. M. C. A. office. All selectees of both Boards are urged to attend, unless, of course, they have attended previous Pre-Induction meetings.

The Chicago White Sox won 10 games and lost seven in ninth innings last season.

Canada Fights COUGHS

Bronchial Irritations Due to Cold

This New Amazing Way

By far the largest selling cough medicine in all Canada is Buckley's CANADIOL Mixture now being made in U.S.A. Compounded from rare Canadian Pine Balsam (by a secret process) Buckley's is entirely different from anything else you ever tried—all medication—no syrup. It's extra fast for Dad—yet gentle and mild for Mother and the little ones—mixed with equal parts of honey or syrup—they'll love it. Get a bottle today—take a sip or two then swallow slowly, instantly you feel its powerful effective action spread thru throat, head and bronchial tubes. Coughing spasms cease. Right away it loosens up thick choking phlegm—opens up clogged bronchial tubes—makes breathing easier. At Gaughin's Drug Store and all first class drug stores.

Get Dimes (and Dollars) Marching

Swing into that March of Dimes that helps fight infantile paralysis. Every cent is needed, that disease requires more costly treatment than almost any other, averaging \$1000 a case. Contributions of Mr. and Mrs. America have enabled the National Foundation for Infantile Paralysis to make this costly care available. Keep up the good work!

ANSWERED TWO ALARMS

Firemen yesterday evening answered two alarms neither of which was serious and there was little loss in either fire. The first was at 5:02 to the Jean Carol Hat Shop on Liberty street. An electric wire running under the sidewalk had evidently become wet by water from the thawing snow and was sparking and smoking. The second call came from the East Side where a Dodge coach on which a

brake drum had become overheated was afire. It was soon extinguished.

APPROACH IS CLEARED

The approach to the Glade bridge from the east which has been in a rather dangerous condition for some time due to ice and snow was cleared yesterday by employees of the highway department much to the relief of those who use this highway.

MEN AND WOMEN IN SERVICE

PARATROOPER HOME ON SICK LEAVE

Mr. and Mrs. Albert Seymour, 28 Maple street, were given a happy surprise when their son, Sgt. Robert N. Seymour, arrived home on 21-day sick leave. He has recently returned to this country after 19 months overseas with a paratroop division, during which time he made 25 jumps, three in combat. He has seen action in Sicily, Italy, Holland and Germany and has a number of decorations awarded for special achievement.

One of these is the Bronze Star, given for leading his patrol from a barn in which the unit had been trapped by the enemy for 24 hours. Another is the Silver Star, awarded for capture of Germans who attacked him while he was carrying a white flag. Another decoration is the Purple Heart, previously given for wounds received in action in Italy. After his leave he will return to Asheville, N. C., General Hospital for further treatment.

GETS PURPLE HEART AWARDED TO SON

Mrs. Eva Passinger, Hertzel street, has received the Purple Heart which was awarded her son, Pfc. Floyd Passinger, who was twice wounded in Germany and has been in a hospital in England. He expects to return soon to the front, according to messages received. Another son, Pvt. Paul, was last reported making improvement in a hospital in France following wounds he had received in action. A third, Cpl. Charles, participated in the recent breakthrough in Germany and was among those successfully rescued in the German shutoff.

Virgil Falconer, seaman second class, has completed his boot training at Sampson, N. Y., and has been transferred to the SeaBees. Following an 11-day leave with his parents, Mr. and Mrs. Stuart Falconer, Lander, he will report to Providence, R. I.

WHOSE CHILD NEXT?

Your child, my child—either of them may be next. They are two of the 32,150,000 children in the United States under 15 years of age and therefore candidates for infantile paralysis in the year to come. Today their legs race to and from school and through the fun of countless hours of play; tomorrow they may wake up twisting and turning as they burn with fever and struggle to straighten spasm-drawn limbs.

Infantile paralysis picks its victims from this wealthy home, from that tenement, from farms, from war production centers, from among the families of our fighting men, in small towns and large cities.

Warren county had an unprecedented number of victims in 1944, the dread disease striking America last summer with the greatest violence in 28 years.

Maybe you were one of those individuals who grumbled last year and the year before when the Zonta Club held its March of Dimes Tag Day. Maybe you were one of those solicited unsuccessfully for tickets for a President's Birthday Ball or bridge party in the several years before that. Maybe you were.

Again, maybe you were one of those whose dimes and dollars were given cheerfully to the National Foundation for Infantile Paralysis—to the Warren County Chapter—maybe it was your dime and your dollar that helped provide expert nursing care and hospitalization for every one of Warren county's victims.

It was a small stone that slew the giant, Goliath! Like that small stone, a little dime dropped into the March of Dimes container, becomes a powerful weapon against this enemy of children.

Remember that when you are stopped on the street tomorrow by some high school girl and asked to contribute to the March of Dimes.

RADIO COMPLAINS

(Editor and Publisher)

According to "Broadcasting" magazine, the National Association of Manufacturers plans to spend a million dollars in newspaper advertising to tell its program to America, and it proposes to spend \$100,000 on radio advertising—giving that publication cause to complain that this small amount for radio is "patronage money" and that "favoritism" is being shown the press.

This is the first time we ever heard of anyone spending a million dollars for anything because of "favoritism." It is our understanding that the N. A. M. has chosen newspapers for this job after a comprehensive study of all media, leading that organization to believe that newspapers reach the right people all the time and do the right kind of a job in promoting both sales and ideas through paid space.

Apparently, a great many advertisers feel that newspaper advertising is the place to sell ideas, as witness the spectacular growth of public relations and institutional advertising in the press. And it hasn't all been tax money, either, as there have been innumerable examples of purposes well accomplished.

Also, there is a growing list of advertisers who believe that newspaper space is the best spot for a sales message. The H. J. Heinz Company, which took its money out of radio to put it into newspapers, is just one of those.

And we predict the list will multiply rapidly when the story of newspaper advertising is properly and adequately told, as it will be for the first time through the expanded Bureau of Advertising.

"Let us in full confidence and just pride, even with trembling hand, stand at salute for the gallant men of the 112th Infantry and the 28th Division who so bravely stemmed the Nazi tide short weeks ago," suggested the Franklin News-Herald. Now, all together!

KITTY HAWK

Distance was annihilated, war revolutionized by three years of glider flights and a 59-second motorized aeroplane test by the Wright brothers at Kitty Hawk, N. C. In 1928 residents of Kitty Hawk erected a monument to those historic tests: later the Federal Government dedicated the Wright Memorial Monument and a 350-acre park on Kill Devil Hill "in commemoration of the conquest of air by the brothers Wilbur and Orville Wright." Flights today of B-29's, fighter planes, scouts and transports prove how vital were those tests and inspire Americans to buy War Bonds for expansion of aviation to win complete victory. U. S. In tomorrow afternoon's broadcast, "Where Do We Go From Here?" the committee will present some of the proposed plans and problems in Warren.

Ice Hockey League Has Eight Teams

Plans are being completed for the formation of an Ice Hockey League in Warren. Co-chairmen of the league are Spinner Johnson and Bud Myers, who are working on league rules and scheduling.

Captains selected for the eight teams are Spinner Johnson and Bud Myers, Don Endress, Bill Massa, Elmer Mellander, Dick Munch, John Ward, and Bob Pring. Over the weekend teams will be chosen from the list of over seventy-five boys who have already signed up for ice hockey.

The Beatty County was again flooded last evening. The Ice Maintenance Committee, headed by Bud Leuthold, is building up a good stretch of ice for the many skaters who have used the rink every day and evening. The committee has asked that skaters refrain from using the ice when it is not in shape for skating. Otherwise the work is doubled.

There will be ice skating on the court after the basketball game this evening. Saturday hours are from one o'clock until five in the afternoon and from seven until ten in the evening. There will also be supervised skating on Sunday afternoon from one until five.

Message Did Not Alarm As V-Mail Arrived

Youngsville, Jan. 19.—Mr. and Mrs. E. E. Hendrickson received a Government message Thursday morning stating that their son, Pvt. Warren Hendrickson was missing in action at Luxumburg on Dec. 20. A letter of this type is never reassuring but Mr. and Mrs. Hendrickson, father and mother of Pvt. Hendrickson, his wife, Mrs. Warren Hendrickson, were not as alarmed as they would have been had they not been hearing quite regularly from Warren. Three letters received are dated later than was the telegram report of the time he was missing in action.

They received a letter dated Dec. 5, stating that he had been in action almost continuously for days with no time for rest or change of clothing. Then there was a break in the letters and they did not hear again until the letter dated Dec. 27th when he wrote from a hospital somewhere in France. They also received letters dated Jan. 5 and 10th and their last message was the airmail letter of Jan. 10th date which came after the telegram announcing his being missing in action. It was written from an English hospital and was reassuring stating he was getting along O. K., had some dentistry work done and was catching up on new songs by listening to the radio.

He gave a new address which is as follows:
Pvt. Warren Hendrickson—
33845071; Hospital Plant No. 4143
D. O. P.; A. P. O. 204 Care of Post
Master, New York City.

ENTERTAINED AT DINNER
Mrs. C. R. Hooven entertained at a six o'clock dinner Tuesday evening, honoring her friend, Mrs. Lillian Hirsch of Los Angeles, Cal. The Misses Callie Mead and Margaret Horan of Warren were other out of town guests. Mrs. Hirsch will be remembered as Miss Lillian Anderson, formerly of Youngsville.

Audition For Community Floor Show

There will be an audition in the Beatty School auditorium tomorrow morning at 10 o'clock for any young people who wish to try out for the community party floor show. Seven acts have already arranged for auditions this week, but the tryouts are open for any young people who are interested.

The floor show will be a part of the entertainment for the next community young people's party to be given in Beatty School a week from tomorrow. Young people are asked to arrange for their own accompanists.

An auditorium show is also being planned by Eleanor Peters and John Erickson. Anyone interested is asked to get in touch with either of them.

MONTGOMERY WARD'S TELEGRAM TO THE PRESIDENT

January 17, 1945.

The President of the United States
White House
Washington, D. C.

Mr. President:

At your personal direction, the Army seized Ward's Stores on December 28, 1944.

On the same day, you directed that a suit be filed in the Federal Court to decide whether you had any right to order this seizure.

The Constitution makes it the supreme law of the land that "No person shall be deprived of life, liberty, or property without due process of law." The Supreme Court has said that an order which is before the Courts should not be executed before the judges have declared its legality.

In defiance of this safeguard of liberty, you have ordered the Army to place in immediate effect the arbitrary and illegal orders of the War Labor Board without awaiting the decision of the Courts.

You have ordered these War Labor Board directives placed in immediate effect despite the fact that the Courts have held them to be legally unenforceable. And despite the fact that in issuing them the Board refused to give Ward's the hearings required by the War Labor Disputes Act.

You have ordered the Army to place in effect a wage directive at Portland, Oregon, which a representative of the War Labor Board admitted on January 9, 1945, was unworkable.

You have ordered the Army to place in effect wage directives at St. Paul, Minnesota, which unfairly discriminate against 60% of the employees. When several hundred walked off their jobs in protest against your command, the Army forced them to return by threats of criminal prosecution.

You have ordered the Army at Denver, Colorado, and Jamaica, New York, to increase wage rates which the War Labor Board admitted were already higher than those paid by Ward's competitors. No increases have been ordered against these competitors.

Finally and most importantly, you have ordered the Army to impose that form of the closed shop called Maintenance of Membership. Obedience to your order will require the discharge of all employees who have chosen not to maintain their union membership, and deny to them the liberty to choose whether or not they wish to remain union members.

Wards, in opposing the closed shop in all of its forms, has not been prompted by any feeling of anti-unionism. Wards has fully recognized the freedom of all its employees to join or not to join a union as they wished. And has assured all employees that their opportunity with the company will be the same whether they are union members or not. Wards refusal to accept the closed shop arises solely from a determination that its employees be secure in their individual liberty to join a union or not—free of the fear of physical injury, damage to their property or loss of their jobs.

Wards in opposing the closed shop, has not acted against the wishes even of its unionized employees. In the seized store at Chicago on December 15, 1944, 90% of the employees through a signed petition declared against the maintenance of membership requirement. Spokesmen for the unionized employees in the four seized stores at Detroit have openly stated that they do not desire maintenance of membership.

Wards has been singled out for unequal treatment. The Army has been used to enforce orders of questioned legality without first giving the Courts an opportunity to make a decision. These are the methods of dictatorship.

The legality of your order commanding the seizure of Ward's properties is now before the Courts for decision. Wards respectfully calls upon you to order the Army to withhold the taking of action which would deprive Ward's employees of their liberty and Wards and its customers of their property until the case has been decided in the Courts as required by the Constitution.

MONTGOMERY WARD & CO.
SEWELL AVERY,
Chairman.

IRVINGDALE UNIT

Mrs. Samuel Lannen was in charge of the regular meeting of Irvingdale PTA, which opened with a selection played by Mrs. Isabelle Mead, the Lord's Prayer and salute to the flag. Routine reports were followed by the president's announcement that the February meeting will be in observance of Founders' Day.

Sam Gerardi gave an interesting report on health conditions and Miss Betty Gentilman gave a talk and demonstration on the Kenny method of treating infantile paralysis patients. To conclude refreshments were served by the committee.

To have shortening and fats ready for creaming in making cakes or cookies, leave them at room temperature in a porcelain enameled utensil until ready to use.

Fourth Inaugural Style Note

(NEA Telephoto)
Mrs. Roosevelt shows you her fourth inaugural ensemble: At right, a soft crepe dress of "Potomac Navy" blue high-lighted with stand-up revers and coin-shaped inserts of "Capitol Blue" faille. Her hat is a navy sailor trimmed with bow, flower and veil. Because the ceremony will be outdoors, the dress has a three-fourths length companion coat in "Capitol Blue" wool lined with "Potomac Navy" crepe, as turnback revers reveal. For the inaugural reception she will wear the gown at left in a warm shade called "Mayflower Mauve." Sleeves of hand-run lace are sparked with matching sequins cut in the shape of shamrocks to symbolize the fact that Mr. and Mrs. Roosevelt were married on St. Patrick's Day.

Junior Class Is Preparing a Play For February 15th

The class of 1946 will give its annual dramatic presentation, "Let's Get Together," on Thursday evening, February 15, in the high school auditorium.
A comedy in three acts, "Let's Get Together" was written by Katharine Kavanaugh and is directed by Mrs. Phyllis Stanley, dramatic instructor at the high school.

The cast for the play is made up entirely of high school juniors whose names follow: John Robertson, Jim Wyckoff, Don White, Jack Harrington, John Knapp, Herbert Schuelz, Rachel Smith, Nancy Maneval, Marcia Johnson, Elvia Lowe and Jeannine Hunzinger.
Doris Heumann has been chosen director and the promoters are Joyce Rapp and Roberta Rohrer.

Miss Elizabeth Figner, of the Girl Scout national staff, will be in Warren next Tuesday and Wednesday, January 23 and 24, meeting with Troop 100 on Tuesday evening and with the training and camp committees of the local council on Wednesday. At this latter session, plans will be made for a weekend training for Girl Scout leaders to be held at Camp Bird-sall Edey on May 18-20.

Miss Figner is much interested in Troop 100, as organizations of all adults in Girl Scouting are still in the experimental stage and Warren county was one of the first in the country to use the idea.
The subject for Tuesday night's meeting will be "Democracy in the Girl Scout Troop". Miss Figner will lead the discussion, which will include the three age levels, Brownies, Intermediate Girl Scouts and Senior Girl Scouts.
All leaders, council members, members of council committees and troop committees have been invited to the meeting and to the tureen dinner which will precede it at 6:30 o'clock at the YWCA.

Many Problems Involved In Drafting of Men in Class 4-F

Washington, Jan. 19—(AP)—Don't bet on congress passing a national service law of any kind until you see it on the books. A few details have to be considered first.

The purpose of such a law would be to compel workers under threat of some kind of penalty—draft into army work units or fines and imprisonment—to take an essential job or one assigned them.

President Roosevelt wants such a law, fast, to cover men between 18 and 45. He acknowledged there might be some "differences of opinion on the details."

The request has whipped up enthusiasm among some congressmen. Rep. May (D-NY), chairman of the house military affairs committee, is all for speed.

His committee has been holding hearings on national service legislation. The army and navy are for it. Labor and industry are against it.

But detail No. 1: How quick will the action be? May says he hopes his committee will be able to polish up a bill by Monday. Then the bill goes to the house for debate and action.

May hopes action may be taken by the end of next week. Granted the house passes it. Then it goes to the senate. Comes the question: What will the senate military affairs committee do with the house measure?

After that it's the senate's job

to debate and vote. All of it takes time.

Here are some questions:
First, whom would the law cover: Men who are not in essential jobs and refuse to take them or all men?

If a man is in essential work, can he remain there with a feeling (Turn to Page Thirteen)

Plan Dedication Of Infant at the Citadel Sunday

The dedication of David Warren Brandenburg, infant son of Adjutant and Mrs. A. Brandenburg, will take place at the Salvation Army, 218 Pennsylvania avenue, west, on Sunday, January 21, at 7:45 p. m. Brigadier Ralph Miller, divisional commander of the Salvation Army in western Pennsylvania, will perform the service of dedication. The Brigadier will also be commissioning several local officers of the Warren Corps. Brigadier Miller is one of the Salvation Army's outstanding public speakers and will give a stirring message before the close of the service.

The leader of the dedication service will be Major Alice Hinkle who has charge of one of the Salvation Army Corps in New York City, and is the mother of Mrs. Brandenburg.

Some of the old timers will remember Adjutant and Mrs. Hinkle when they were stationed in Warren, during World War I. At that time Adjutant Hinkle took a group of Salvation Army lassies to France where they served on the front lines. Mrs. Hinkle remained in Warren and carried on the Salvation Army work. Mrs. Hinkle hopes that many of her old friends will be at the meeting so that she can greet them and Adjutant Brandenburg extends a warm welcome to the public.

Calvary Baptist Members - Friends Welcome Minister

About 250 members and friends gathered in Calvary Baptist church Wednesday evening to welcome its new pastor, Rev. C. L. Wessman, and his family. In addition to a delegation from the Chandler Street church in Jamestown, the First Baptist and Bethlehem Congregational parishes here, many other churches were represented by friends in the group.

Rev. B. F. Armstrong was in charge of the program for the evening, with remarks by Rev. B. E. Hedberg, of Jamestown; Rev. Harold Knappenberger, Rev. P. E. Landerdahl, F. H. Hetrick, Warren. Miss Viola Lindmark was accompanied by Mrs. Clarence Swanson for her contralto solos and Miss Janet Ahlgren was at the piano for a duet sung by Mrs. Helmer Backstrom and Miss Ellen Swanson.

Mr. Armstrong presented the Wessmans with a purse of money from the group and Mrs. Wessman was given a corsage from the Dorcas Class. Mr. Wessman expressed their gratitude and closed the program with a few remarks and prayer.

Receiving with the honored guests were Mr. and Mrs. Henry Blick and Mr. and Mrs. James Holmberg.

A social time in the church parlors centered about a table attractively appointed with white pompons and boules and white candles. Philathea Class members supervising this portion of the program.

Hitler said that men who knelt to pray

Could not rise to fight

Men who are humble enough to pray with **COURAGE** in their **SINCERITY** become surrounded with a light which neither land nor sea can give.

To see such a light in any **ZERO HOUR** requires as much training of the soul as any other fine art. Christ was so trained in **HOME** and **CHURCH** and He saw that light in Gethsemane and on the Cross.

Your church can train you to see that light if you give it a chance.

Church Notes

At the First United Brethren church at 11 a. m. Sunday, Pastor R. H. Eggleston will use for his subject "The Christian Church and Her Responsibility". Miss Isobel Shearer will sing a vocal number. There will be no Christian Endeavor nor evening service because this congregation is uniting with First Evangelical church in the closing revival service.

Special events listed in Bethany Lutheran church at Sheffield in the coming week include: Tuesday, 8 p. m., Young Women's Bible Class; Thursday, 8 p. m., Teachers' meeting; Thursday, 8 p. m., Luther League.

Installation of newly elected deacons and trustees will take place at the vesper service in Moriah Lutheran church in Ludlow Sunday evening. Other events posted for the week include a meeting of the board of administration at 7 p. m. Thursday, when officers within the board will be elected; Luther League at 7:30 p. m. Thursday and confirmation instruction at 10 a. m. Saturday.

Pastor Wayne Furman, of First Methodist church, will give the third in a series of sermons on "Sin" at the 11 a. m. service Sunday, his subject to be "Punishment for Sin". The choir will sing MacFarlane's "Open Our Eyes". Charles Paterson will be the leader for the 6:30 Youth Fellowship session, when the discussion on the Philippines will be continued. Church school will convene at the usual 10 a. m. hour.

"Deep Down Things" will be Rev. Harold C. Warren's sermon topic at First Presbyterian Sunday morning. Jackson Barrell will play two movements of Handel's Concerto No. 8 for Organ, the large and allegro moderato. The anthem for the morning will be "Father, To Thee We Pray" by Bach-Gounod, with Mr. Barrell at the organ and Mrs. Harold Flowers at the piano. A ladies' chorus will sing the offertory number, "Open Now the Gates of Beauty" by Neander. The Sunday Evening Bible Class will meet at eight o'clock in the Sunday school auditorium.

First Baptist church members will again be addressed on Sunday morning by Dr. H. H. Barr, retired Methodist minister.

Tonight's theme at the First Evangelical revival service will be "Bought With a Price", all members of the household to be present for special Family Night. At the 11 a. m. service on Sunday, Revivalist Rodger Montague will speak on "Choosing the Right Way" and for the union service in the evening, "The Conversion of a Quisling". He will sing in each service, accompanied by his wife, and for Sunday evening will choose his own arrangement of "The Ninety and Nine".

Pastor P. Elmer Landerdahl, of Bethlehem Congregational church, will begin a series of meditations on the Lord's Prayer at the 11 a. m. service Sunday, using the topic "Speaking to Our Father". For the evening service at 7:30 o'clock, a new service flag, an American flag and a Christian flag will be dedicated.

An installation service for officers elected at the annual congregational meeting on January 8 will be held in connection with the regular morning worship period at St. Paul's Lutheran church on Sunday. The service will be conducted by the pastor, the Rev. Nore G. Gustafson, who will install the following: John A. Johnson, Harry Leafstrom, Ray Danielson, deacons; Ned Johnson, Carl Lundahl, Robert J. Swanson, trustees; Richard Osterman, Sunday school superintendent; Harold Passenger, assistant superintendent.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

THE INAUGURAL SCENE

AP Newsfeatures

This is the layout for the inaugural of Franklin Delano Roosevelt and Harry S. Truman as president and vice president, respectively, on Jan. 20 on the back porch of the White House in Washington, D. C.

The ceremony will last about 12 minutes and this year there will be no customary parade. After the invocation, Mr. Truman will be sworn in, then the President. Mr. Roosevelt will then make a five-minute address.

There will be between 5,000 and 6,000 guests. The general public will not be admitted but thousands will watch the proceedings outside the White House fence on South Executive street. There will be no seats even for the 125 favored guests on the portico, itself, where the oaths are administered.

Those on the portico, in addition to the President and Mr. Truman, will include members of the Cabinet, the Supreme Court, the family and close friends of the President, the White House secretaries and the President's military and naval aides. All will be accompanied by their wives.

WINTER WHEAT

Harrisburg, Jan. 18.—Production of 19 million bushels of winter wheat from Pennsylvania farms in 1945 is forecast in the annual wheat and rye plantings report of the Federal-State Crop Reporting Service, State Department of Agriculture. This is 1,108,000 bushels below production in 1944.

Present condition of the winter wheat fields is reported much better than a year ago.

THE PRESIDENT'S FOURTH TERM PROBLEMS

WINNING THE WAR

First on the list is conquering Germany. Then the nation's whole military weight can be turned on Japan to win the Pacific war.

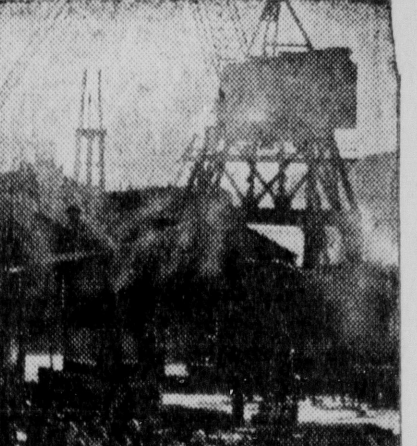

AP Newsfeatures

WHEN Franklin D. Roosevelt takes office for his fourth term as President of the United States, he will also enter what may be the most turbulent period of his—and the nation's—career. These are the major problems he must face:

PLANNING THE PEACE

Blueprints for a world working together must be made by Roosevelt, Churchill and Stalin, along with statesmen of liberated nations.

EMPLOYMENT

Shutdown of war plants and servicemen's return must be offset by peace production.

DEMobilIZATION

Getting America's servicemen back into civilian life will be a major adjustment job.

SOCIAL PROBLEMS

Need for adequate health and education program was stated in recent Presidential talk.

TAXES

Tax revision to spur private enterprise and pay off the national debt will be required.

CEILING ON HELMETS

Safety helmets originally purchased for Air Raid Wardens by the Office of Civilian Defense, over 300,000 of which are to be sold by the Procurement Division of the Treasury Department, will have a retail ceiling price of \$1.10 each, the Office of Price Administration has announced. These helmets are made of metal, white, enameled, with cloth "gear" and with adjustable head band and chin strap.

BOILER SOARS AWAY

Grove City, Jan. 18.—(AP)—A new boiler in the Beauty Clear Mirror Co. here exploded yesterday, sailing through the roof of the frame building across a two-story frame building and landed 500 feet away. No one was injured.

Seventh Day Adventists To Raise Funds

Challenged by "world conditions calling for the dedication of every energy of the church service," the Seventh Day Adventist congregation in its annual business meeting mapped plans for the new year, while reviewing accomplishments of the church during 1944.

Reports given by officers and department leaders revealed encouraging growth. Fifteen and offerings contributed by the members for extension of gospel work

amounted during the year to \$7,018.49, an increase, according to the treasurer, of \$1,176.73 over the record for 1943. Of this amount \$1,851.16 came in through the Sabbath school, as it is the custom of the denomination to use all Sabbath school offerings for the extension of foreign missions work.

The Dorcas Society reported that along with other work during the year it had just completed the collection and packing of several boxes of clothing to be sent to help the needy in war-torn countries of Europe.

The Warren church will heartily participate in the raising of a five million dollar post-war reconstruction fund during 1945, this to assist in the rebuilding of churches, schools and hospitals destroyed in 20 European countries and in the

Far East. This is in addition to the 1945 appropriations regularly voted by the General Conference for the support and extension of the work of the church in foreign lands and in this country. Adventist churches in North America will endeavor to raise one million dollars in a single offering to be taken on Saturday, February 3, this to apply on the rehabilitation fund.

Officers for the Warren church in the coming year are: Local elder, O. Johnson; deacons, Lewis Nelson, A. E. Daugherty; treasurer, Mrs. A. E. Daugherty; Sabbath school superintendent, Mrs. Irene Miller; Young People's Society leader, Robert Gleason.

Ask your weary fighters who stormed Rome what they think of the WACs.

"Terrific!" they'll say. "WACs handled those vital switchboards behind our lines like veterans!"

Ask your men who have bombed the spirit out of Germany what they have to say for the WACs.

"Great!" they'll shout. "WACs don't miss when they transmit our radio messages!"

Ask the wounded what they think of the WACs in Army hospitals. They find it difficult to convey their immense gratitude—their deep respect for those patient, gentle women.

Ask a commanding officer of the United States Army how he rates the WAC. He'll tell you this:

"They're alert on their jobs, and they know their jobs! They're soldiers—through and through. I wish I had more!"

Sportsmen Find Snow Is 3 Feet Deep

Despite the severe cold a party of sportsmen spent Wednesday night in a camp in the woods and spent much time in arranging feed for deer and small game. They measured the snow in the woods and found it was "axe handle deep". As an axe handle, according to woodsmen is three feet the snow is plenty deep. The group also observed the tracks of deer and discovered that as the animals make their way through the woods they plow a path with their chests as the snow is so deep. The men cut a quantity of young second growth to afford animals food but they also report that the deer are evidently not as hungry as had been reported. They discovered that the deer are not stripping the young trees of succulent twigs but are browsing about indicating they are still rather "choosy" in the selection of their food. Feeding stations for small game were also established and a large quantity of stale bread was put out. Observation showed the bread had not been touched yesterday.

DEER IS A PET
John Dailey, who resides on the Tidoute road near Dunn's Run has a pet deer that refuses to leave the farm. It was picked up when a fawn and became a pet of the family. Petted and fed at the farm house it formed a habit of coming into the home. Finally it grew so large that it ate from off the table and had to be excluded from the home. Now full grown it still stays around the farm house and refuses to leave.

British Take Hongen

Inside Reich Border

(From Page One)
and Trier at the same time.

(The German radio said the Allies had opened a broad offensive on the southern flank of the Belgian salient between Wiltz and Walendorf.)

Hongen, which fell to the British Second Army with American artillery support, is 38 miles from Dusseldorf on the Rhine. It lies about eight from the Roer river, along which the U. S. 9th Army held static positions within 26 miles of Dusseldorf, an arsenal city of 540,000.

All along the British front curling from Gellenkirchen to Roermond, German defenses stiffened after the Tommies had gained more than four miles and driven the foe from a least eight villages. The main Roermond-Sittard road was broken. The British crossed that road from Eicht and fought into Schilberg. They also seized Heide, a half mile north of Eicht.

German infantry in battalion strength launched several attacks yesterday between Eicht and Schilberg, but were beaten off.

Far north in the flooded no-man's land two miles north of Nijmegen, a strong German fighting patrol attacked British outposts and held their ground overnight, renewing the assault at dawn. This was not believed to be a major thrust, however.

Snow slanted down again on the northern half of the western front. Rain fell in the south.

Third Army infantry won control of a third of the picturesque Luxembourg town of Diekirch (Pop. 3,700) in a pass leading four miles into Germany. The old world town, nestled in snow in a deep valley, was virtually surrounded. Gains in the new attack averaged around two miles.

Other troops of Lt. Gen. George S. Patton's army pushed east to a junction of the Sure and Our rivers at the German border just west of the Siegfried line. They fought inside Erpeldange and Bettendorf, three miles on either side of Kiekirch.

Inside Germany itself, the enemy recaptured Butzdorf, 13 miles southeast of Luxembourg city.

The capture of Rosport and Wasserbillig, also on the German border, broadening the Allied front pointed at Trier, pivot of the Siegfried line. The battle was fought in a slowly deepening wedge between the Moselle and Saar rivers on the distant approaches to the Rhine city of Koblenz.

On the north side of the Ardennes salient, there was heavy but inconclusive fighting for St. Vith. Lt. Gen. Courtney H. Hodges' First Army was clearing a defile south of Ondervall, north of the road center.

an important base for developing their mighty offensive toward the heart of the Reich.

By Russian account Soviet spearheads yesterday were driving toward Lódz from points 30 miles northeast and 22 miles southeast at a speed which could easily have taken them to the city in the interim.

To the southwest Russian tanks and advance units of motorized infantry grappled with rapidly reinforced German garrisons on the Silesian frontier, while other Soviet units to the north were 13 miles from southern East Prussia border, Moscow dispatches said.

Col. Ernst von Hammer, German army commander, declared today that street fighting was raging in Krakow strategic base in south-west Poland.

A Nazi-controlled Scandinavian news agency broadcast said the "extreme danger continues" and the German retreat is "far from finished." It said the Nazi high command was mobilizing reserves in central Germany and sending them to the Silesian frontier.

The Berlin radio intimated the Russians had crossed into industrially-rich Silesia west of captured Cieszynowice, A. Moscow dispatch said Soviet artillery and aircraft were laying down a terrific barrage in that area, only 78 miles from Breslau, Silesian capital.

A Berlin account early today said Russian forces were "becoming entangled in east Silesian lines."

sums of \$3, \$2 and \$1 to the persons securing high, second and third totals; also an additional prize of \$1 for the East Side business section, and sums equaling those of the borough campaign for solicitors in the rural districts.

Realizing the importance of the Tag Day this year, when all funds of the local chapter have been exhausted by the most recent epidemic of polio, a number of business establishments have approached the campaign committee to secure March of Dimes containers for display and collections on Saturday.

This year's quota has been set at \$3,500, the highest ever asked in the seven years of the local chapter's history. One-half of all funds received remains in the local treasury, the remainder going to the National Foundation for use in its research for a solution to the polio problem and for a backlog of assistance to chapters whose own funds have been exhausted in their local work.

Warren county, in caring for its 16 hospitalized victims of 1944, was obliged to ask for help from the National Foundation, receiving the sum of \$300. Because of the demands here, \$1,824.10 having been spent for nursing care alone, and additional bills still coming in, it is likely that a further request for funds from the national society will be necessary.

Persons wishing to aid the campaign to a greater extent than the purchase of a March of Dimes tag tomorrow may send cash donations or checks payable to Martha Topper, Zonta Club treasurer and official accountant for the campaign, and addressed to the W. F. Bennett Company, Warren Bank and Trust Company building.

he signed another protocol with the Soviet government for the annual supply program for Russia. It will cover the fiscal year starting next July 1.

President Roosevelt, Prime Minister Churchill and Prime Minister Mackenzie King said in a joint statement released earlier that they expect the boards "to continue to play their part in facilitating the prompt and quick use of our economic resources for the common war effort."

Mr. Roosevelt told reporters at a news conference that the boards now are dealing with serious shortages in such commodities as tires and trucks, coal, textiles, footwear, animal protein foods and fats and oils.

Inauguration Will Be On Air at 11:45

New York, Jan. 19.—(AP)—Broadcast of the inauguration ceremonies, going on all networks from 11:45 a. m. Saturday, is to include the administration first of the oath of office of Harry S. Truman as vice president, followed by that of Franklin D. Roosevelt as president, and then the inaugural address.

In view of the fact that the ceremonies are to be brief, the transmission is expected to be concluded within 30 minutes or so.

German Garrison Withdrawing From Hungarian Capital

Berlin Admits That Several Key Towns Shielding Reich Have Been Evacuated and Hints At Retreat Inside Border

FRONTAL PUSH ON CAPITAL IS TAKING SHAPE

BULLETIN
London, Jan. 19.—(P)—The Russians have captured Schlossberg in a new offensive in East Prussia, Marshal Stalin announced in his third order of the day. The Germans announced loss of the city several days ago.

By W. W. HERCHER
London, Jan. 19.—(P)—Marshal Stalin's forces captured the 1,200-year-old city of Krakow, 47 miles from German's Silesian border, today and the Germans said the Red army had battled into Lodz in a mighty sweep of western Poland.

At the same time Marshal Stalin announced a fourth Russian offensive in the Carpathian fringe of southern Poland and scored a breakthrough to a depth of 50 miles on a 38-mile front. The Fourth Ukrainian Army, led by Gen. Ivan Petrov, hero of Odessa and Sevastopol, captured Gorlice, 65 miles southeast of Krakow; Jaslo, 15 miles northeast of Gorlice; and 400 other towns, Stalin said.

His order of the day indicated, however, that the Russians in this drive south of Tarnow and west of Sanok, had advanced much closer to Krakow by forcing both the Wisloka and Dniester rivers, north-south tributaries of the Vistula. The Dniester is about 35 miles east of Krakow.

LUZON TOWN SEIZED AFTER BITTER FIGHT

American Mobile Guns, Mortars and Armor Smash Cleverly Concealed Nip Concentration

PLANES AID ADVANCES

By C. YATES McDANIELS
General MacArthur's Headquarters, Luzon, Jan. 19.—(P)—American mobile guns, mortars and armor, smashing a cleverly concealed concentration of Japanese tanks and artillery in a 24-hour battle, captured the highway Three town of Urdaneta early yesterday in the first bitter fight of the Luzon invasion.

Seizure of the key town on Gen. Douglas MacArthur's left flank opened the northern section of the main Manila-Baguiog highway to the Yanks.

Meantime an American column 20 miles south along the same vital highway there captured the road and railroad junction of Paniqui in a five-mile gain and pressed on toward the important city of Tarlac, 70 miles from Manila. Another infantry force approached Tarlac obligingly down another road from Camiling.

All advances were supported directly by American warplanes operating off Lingayen airfield. Formosa and even parts of the China coast now are within reach of long-range fighters.

(The Formosa domestic radio warned today that large scale enemy air raids "will be intensified henceforth". In a broadcast picked up by the Federal Communications Commission the Formosa announcer said "the ferocity of the (Turn to Page Thirteen)

Combat Men To Help On Labor Front

Washington, Jan. 19.—(P)—A high government official said today that the army and navy have lent some 16,000 men capable of combat duty to fill labor gaps in critical war production.

These men, adding up to more than a full division of troops, went from uniforms to overalls to work on such items as tires, copper and foundry products.

The official, who could not be quoted by name, characterized the present production situation as taken to that large scale enemy war was straining at every seam to boost the flow of munitions to the war zone.

There is contention in congress that the need for war workers can be met on a voluntary rather than compulsory basis.

But a resurvey of manpower requirements was reported to have prompted President Roosevelt to (Turn to Page Thirteen)

NEW STRIKE MADE ON JAP HOME ISLAND

Superforts Attack Installations on Honshu and Tokyo Says Kobe Was Also a Target

41 MAJOR MISSIONS

BULLETIN
Washington, Jan. 19.—(P)—A fleet of Saipan-based Superfortresses today smashed at the big Kawasaki aircraft plant in Akashi on the Japanese home island of Honshu. Explosions and fires were observed.

By the Associated Press
Japanese imperial headquarters said that 80 Marianas-based Superfortresses hit targets in the Osaka-Kobe industrial area at noon today inflicting "some damage."

The hour-long attack was preceded by three forays of B-29s said radio Tokyo in a report intercepted by the Federal Communications Commission.

Washington, Jan. 19.—(P)—Superfortresses attacked industrial installations on Japan's home island of Honshu today and Tokyo said Kobe was the target.

General of the army H. H. Arnold, commanding the 20th Air Force, said the B-29s of Brig. Gen. Haywood S. Hansell's 21st Bomber Command based in the Marianas struck by daylight.

No additional details were announced. The war department will release another communique on the raid when operational reports are received.

Tokyo in identifying the target as Kobe admitted the B-29s caused "some damage."

Today's strike rounds out 41 major missions since last June and 10 since January 1 of this year against industrial and military targets of the Nipponese empire.

Small numbers of Superforts conduct frequent harassing and reconnaissance raids which are not reported by 20th Air Force headquarters.

The Tokyo radio yesterday reported reconnoitering B-29s over Osaka and Kobe. Some 250 miles southwest of Tokyo, Kobe and Osaka are among Japan's prime industrial centers. Their contiguous factory areas produce tanks, planes, guns and explosives and ships.

A city of 900,000, Kobe has large railway marshalling yards. No previous B-29 raids against this (Turn to Page Thirteen)

War Worker And Two Sons Burn to Death

Pittsburgh, Jan. 19.—(P)—A war worker and two of his sons died early today when fire trapped them in their North Braddock home.

The dead, found in a second floor bedroom, were James Milford, 37; Jack, 12, and William, 4. A 10-month-old sister, Janet, wrapped in her housecoat, leaped from a 15-foot high porch roof, then tumbled down an embankment and over a five foot retaining wall.

She was treated in Braddock General Hospital for a back injury and bruises.

Her brother, Walter, 15, jumped from the same roof and was caught in the arms of a fireman.

Their mother, Vera, 35, was attending a meeting in a nearby home.

Firemen said a spark from a defective furnace apparently started the blaze.

Plans Complete For Annual Infantile Paralysis Tag Day

The weather man gives little indication of relenting in the matter of cold weather promised for tomorrow, but that seemingly has failed to cool the enthusiasm of the Warren Zonta Club and the group of high school girls who have volunteered to conduct the seventh annual Tag Day for the Warren County Chapter, National Foundation for Infantile Paralysis.

The girls, working in shifts, will be on the street at 8:30 in the morning with their March of Dimes containers and will be on hand until 5:30 in the afternoon. The Zonta Club, conducting the campaign for the third successive year, will establish headquarters in the residence building of the YWCA, Market street and Second avenue, and the sales teams will work from there. A special East Side headquarters will be operated in the former Conewango Trust Company building. Those in charge of the campaign arrangements were much pleased to learn that the same girls who have conducted the sales in the past three tag days were the first to respond and offer their services again for the 1945 March of Dimes.

From its own treasury the club is offering prizes in the way of inducement to individual salesgirls. War stamps to be issued in the (Turn to Page Thirteen)

Akeley Boy Figures In Dramatic Rescue

Headquarters 21st Bomber Command, Saipan, Dec. 23.—(Delayed)—(P)—Second Lt. Earl J. Callender, Pittsburgh; Sgt. William Lowe, Carnegie, and Sgt. Myron Ludwick, Akeley, Pa., are among six survivors of a lost B-29 who are singing the praises of the pilot of another Superfortress.

Despite the danger of a possible forced landing at sea, the pilot of the second plane circled over the crash scene for three hours with one engine out and dropped one of its rubber life rafts to three of the survivors.

The raft's inflating equipment was lost and Lowe spent 45 minutes inflating it by lung-power while treading water.

Fuel shortage finally forced the guardian plane to leave, but several hours later a destroyer picked the men up.

Churchill Is Upheld By Vote In Commons

London, Jan. 19.—(P)—An attempt to express censure of Prime Minister Churchill's interventionist policy in liberated lands was beaten 340 to 7 today in the house of commons.

Technically the vote was on a war appropriations bill. Some critical Laborites announced beforehand that although they opposed British policy in Greece and Italy, they would not vote against the bill on the grounds they might be accused of impeding the war effort.

Churchill himself was in the house during the vote and was cheered wildly as he left with Foreign Secretary Eden.

Shortly before the vote, Eden told commons that Britain would place before the forthcoming "big three" conference a demand for creation of machinery with power to deal quickly and jointly with international political problems. He said Britain was ready to go to almost any length "in order that the machinery may function."

Earlier in the two-day war debate Laborite Aneurin Bevan had charged that Prime Minister Churchill had distorted facts and had "the worst record of intervention in other people's affairs of any statesman."

In one of the most bitter attacks ever made on the prime minister in commons, a speech which drew protests from members Bevan declared that "there is no single politician more capable of distorting the facts than the prime minister."

He asserted secret commitments by Churchill were a factor in "the Greek tragedy."

NO CHANGE IN WHISKY RATIONING ALLOTMENT

Harrisburg, Jan. 19.—(P)—There will be no change in whiskey rationing in Pennsylvania the State Liquor Board said in setting dates for the fourteenth period from Jan. 22 to Feb. 10.

Civilians will continue to receive a fifth of a gallon of whiskey upon presentation of War Ration Book Three. Members of the armed forces get the same amount with military cards or furlough papers.

State stores will be closed on Lincoln's birthday, Feb. 12.

NEW NAZI SPOKESMAN

Camp Reynolds, Jan. 19.—(P)—280 German prisoners of war who went on a sidown strike yesterday because their Nazi spokesman was "shipped out" were expected to resume work today. Lt. Col. George Blaney announced. The prisoners were placed on "bread and water." Lt. Col. Blaney said a new spokesman was elected.

Stettinius Will Go To Conference

Washington, Jan. 19.—(P)—Secretary of State Stettinius said today that he would accompany President Roosevelt to the approaching meeting with Prime Minister Churchill and Marshal Stalin.

Stettinius told his news conference he would also attend the meeting of the American republics, (with the exception of Argentina) in Mexico City scheduled for Feb. 15 but which may be delayed to Feb. 21.

Prime Minister Churchill said yesterday he intended to take his foreign minister, Anthony Eden, to the meeting.

Stettinius said it has not been decided whether General De Gaulle of France would also attend the big three session

NURSE DRAFT IS ESSENTIAL OFFICIAL SAYS

Surgeon General Norman Kirk Gives All-Out Support to Proposal to Fill Immediate Needs

CASUALTIES INCREASE

Washington, Jan. 19.—(P)—The army's surgeon general said today inadequacy of nursing care, in the face of a 270 per cent increase in battle casualties patients, makes it imperative that nurses be drafted.

Since May, said Maj. Gen. Norman T. Kirk, "our patients have increased from 260,000 to 450,000," while the number of army nurses has risen only 2,000.

Appearing before the house military committee, the surgeon general gave all-out support to the nurse draft proposal made by President Roosevelt two weeks ago in his "state of the union" message to congress.

"We are now receiving in army hospitals of this country," Kirk testified, "30,000 to 32,000 patients each month, as compared with 8,500 in the first half of 1944. This is an increase of 270 per cent."

"Approximately 15,000 leave hospitals each month. Thus those received double those relieved."

The increased battle casualties, added to those requiring hospitalization because of sickness and disease, has greatly enlarged the demand for nurses. It is to meet this demand that I now favor the application of selective service to fill immediately the shortage in the supply of nurses."

Kirk's testimony interrupted committee work on work-or-be-drafted legislation for men between 18 and 45. An anti-closed shop amendment to that measure is to be drawn up by the committee at a later executive session.

Since last April, Kirk said, 27,000 nurses have graduated, while only 2,000 additional nurses have joined the Army Medical Force.

The surgeon general said the army has 42,000 nurses now and "must have 60,000 to meet present needs."

"If the 18,000 are to be obtained," he declared, "it seems clear that selective service legislation is required."

The nurse-draft bill was introduced by committee chairman May (D-Ky.) after President Roosevelt asked for it in his message to congress on January 6. It would require the registration of every registered nurse between the ages of 18 and 45 and permit their induction as privates under regulations prescribed by selective service officials.

It was needed, the president said, to meet the armed forces' needs for 20,000 additional nurses.

HELD ON MURDER CHARGE

Greensburg, Jan. 19.—(P)—Edgar D. Duffy, 58, Mountainview hotel chef, was being held today for grand jury action on charges of murder in the torch death of Mrs. Mary C. Criss, 48, a maid at the hotel. Justice of the Peace Frank R. Komatz ordered Duffy held after a hearing.

Muzzle Is On Mystery About Elliott's Dog

Washington, Jan. 19.—(P)—The muzzle was on today in the mystery of who assigned Col. Elliott Roosevelt's dog an airplane priority ahead of three servicemen, but Rep. Miller (D-Calif.) had hopes of getting the facts.

Miller stepped into the case because one of the servicemen affected is a constituent, seaman Leon Leroy of Antioch, Calif.

The congress member asked Secretary of War Stimson for a "complete report" on why the servicemen (with "C" priorities) had to get off a cargo plane of the air transport command to make way for high priority freight while the dog (with an "A" priority) was flown on.

Maj. Gen. Harold L. George of the ATC had said after a preliminary investigation that "an error of judgment" had been made, an error that won't happen again.

Leroy, who has been serving overseas, was on his way home to his father's funeral when he and the other two men were "bumped off" the plane at Memphis Jan. 11. The dog, a handsome English mastiff named "Blaze," was the gift of the president's second son to his bride, actress Faye Emerson of Hollywood.

Nazis Thrown on Defensive From Holland to Luxembourg

Red Army forces were reported to have smashed across the German border, as shown on above map, surging to within 50 miles of Breslau, Silesian capital. Krakow, also was reported to have been liberated by the Soviets. To the north, Lodz, Poland's second city, was in the direct path of the advancing Russians.

Inaugural Tomorrow Will Be Ungarnished and Abbreviated

Washington, Jan. 19.—(P)—Rugs came out of the White House today, more Roosevelt moved in, and the president who has served longest toiled over what may be history's shortest inaugural address.

In an ungarnished, abbreviated ceremony at noon tomorrow, President Roosevelt will take the oath of office for an epochal fourth term, then deliver the speech. He is aiming at 500 words.

Thus he may lower the record of the last wartime chief executive, Abraham Lincoln, whose second inaugural address approximated 600 words.

Hundreds of feet will be tramping White House corridors tomorrow. So hard-to-replace rugs were rolled up and put in temporary storage. Some 1,500 guests, the top strata of American officialdom plus diplomats and a handful of outsiders, are expected at a buffet luncheon following the inauguration ceremony on the south portico. Another 1,000 persons are scheduled to attend a reception and tea later in the afternoon.

For the ceremony itself, only 5,000 or 6,000 persons have invitations because this is wartime. That compares with 25,000 or 30,000 in peacetime years. Most of those on the invitation list will have to stand out in the yard to see what's going on. No seats are being provided.

SOLDIERS LEAVE ERIE
Erie, Jan. 19.—(P)—The last of 400 soldiers who helped to open transportation routes for snow-bound war material here left for their home camps yesterday. Roads were opened to all war plants, although other city streets remain rutty and slippery.

Alert Is Sounded For Nazi Agents

Washington, Jan. 19.—(P)—FBI Director J. Edgar Hoover today sounded an alert for three Nazi espionage agents who, he said, are under orders to enter the United States.

Hoover said the three men have been trained in espionage and sabotage and were associated with Erich Gimpel and William C. Colepaugh who were arrested by the FBI in New York last month after allegedly landing on the Maine coast from a submarine in November.

Hoover asked the nation to be on the lookout for the men and to report any suspicious persons to the nearest FBI office.

He identified the men as Max Christian Johannes Schneemann, 44, a former resident of Pereira, Colombia, South America; Hans Rudolf Christin Zuehlsoff, 25, formerly of Bogota, Colombia, and Oscar Max Wilms, 37, formerly of Managua, Nicaragua.

Every Living Inhabitant of Warsaw Exiled By the Nazis

London, Jan. 19.—(P)—Soviet Russia's leading war correspondent reported today that the Germans had exiled every living inhabitant of Warsaw before yielding the Polish capital to the Red army.

Describing the newly seized city as "one big ruin, smeling of burning destruction," M. Makarenko wrote in Pravda:

"No single live human was among this devastation. The Germans had exiled all the inhabitants."

BRITISH TAKE HONGEN INSIDE REICH BORDER

United States First Army Is Blocked Four Miles North of St. Vith, Key To Road Chain

DEFENSES STIFFENING

By JAMES M. LONG
Paris, Jan. 19.—(P)—German armies were thrown on the defensive today from the Holland panhandle to lower Luxembourg as British troops captured Hongen, three miles inside the Reich, and the U. S. Third Army took the border town of Rosport, six miles from heavily gunned Trier.

Between those forces, U. S. First Army troops were blocked four miles north of St. Vith, key to the road chain through which Field Marshal von Rundstedt first struck into Belgium through the snowy Eifel and Ardennes mountains.

In northern France, the American 7th Army last its foothold in Herlisheim and Sessenheim, 11

BULLETIN
Supreme Headquarters Allied Expeditionary Force, Paris, Jan. 19.—(P)—The Germans suffered 120,000 casualties from Dec. 12-Jan. 11 in their offensive to split the Allied front in the Ardennes, supreme headquarters announced today. Allied casualties, predominantly American, were 55,421 during the same period. Of these, 18,416 were lost as prisoners.

and 16 miles north of Strasbourg, but captured Auen heim and Leutertheim below Hatten in the area where the Maginot line closes up to the Rhine.

Rundstedt was trying to catch his balance between Luxembourg and Holland, where American and British attacks ground up to two miles forward in slushy snow.

The German commander had managed to get a few pummeled tanks and guns of his Fifth and Sixth panzer armies back out of the smashed Ardennes bulge, but these constituted his only known mobile reserve. Most of the units needed refitting; the reserve could not be before Dusseldorf, St. Vith (Turn to Page Thirteen)

War Review Is Warmly Praised

London, Jan. 19.—(P)—Prime Minister Churchill's war review in the house of commons yesterday brought favorable reaction from a large section of the British press, some editorial writers going so far as to term it one of his best.

Churchill's demand upon Germany for immediate unconditional surrender and his disavowal of territorial ambitions were warmly praised by the London Daily Mail.

The Yorkshire Post, likewise lending its endorsement, said Churchill, by emphasizing that Germany's unconditional surrender would not relieve the Allies of their obligations to humanity or their duties as Christian nations, had reminded the German people that there is still a way out of a hopeless fight.

The conservative Daily Sketch saw in the prime minister's address a powerful plea for Allied unity.

A graphic account of Warsaw's capture was given.

"Soviet and Polish troops are marching to the west along wrecked streets," the correspondent wrote. "The inhabitants are coming back to a city which has practically ceased to exist."

"During the abortive uprising of last August the Germans wrought destruction with sadistic brutality, methodically turning street after street to ashes."

He declared all the most widely known structures in the city were destroyed. These included the royal castle, Belvedere castle (presidential palace), the Tomb of the Unknown soldier, and the Chopin monument.

Parked Cars Damaged By Skidding Auto

Two automobiles were damaged last evening when struck by an automobile that skidded after its control had been lost in crossing the railroad tracks at Fourth avenue. The car driven by Jerome Erickson, RD 3, Jamestown, was hurrying to take two sailors to the Pennsylvania railroad station and hitting the bump in the road got out of control.

In the car driven by Erickson and which was owned by Ethelaine A. Wilbur, RD 3, Jamestown, were Lambert L. Anderson and Mary Wilbur. According to the story told police the car was being driven at between 30 and 40 miles an hour when it hit the railroad crossing. In the bump that followed the machine skidded hitting the parked cars. These cars were parked in front of the Woman's Club and the Hamilton residence. Damage to all of the cars was severe. Insurance however was carried on the Wilbur car and the losses will be adjusted.

Erickson and Lambert are both in the U. S. Navy and are returning to duty following a leave. They were taken to the train.

Erickson did not have his driver's card but it was brought to the police station later in the evening. No arrests were made as the affair was considered purely accidental and all claims were adjusted.

Stray Leaves From Notebook Of Reporter About Town

This service station thing isn't so new. There used to be service stations around here years ago and let us tell you they were really used. One was located on the north Warren road just outside the borough line. It was formed from a hewn out log and filled by a bubbling spring which gushed forth from near three teens here, one here and one here. Teamsters stopped their teams and pulled them over to the trough and unhooking the bridles would "fill 'em up" and then proceed on their way. There was also a service station just west of the city at the top of the rise where the road crosses the railroad tracks. The horses filled up there and no ration coupons were needed although you didn't get so much mileage to the gallon. At the foot of Market street in the road at the apex of the Hultberg building there was one of iron with a tough and down at the base was a neat little trough where the dogs could lap a drink too, just they were thirsty. Out along the country roads were other service stations which purveyed hot water to the thirsty teams on hot summer days. And at some of the troughs where the rivulet ran down, thoughtful persons had planted watercress and the drivers of teams picked and munched the cress as they waited for the horses to slake their thirst. One famous place for the garnering of water cress was in a small rivulet just east of the old covered Russell bridge but with the passage of years greedy folk pulled up the roots and the cress died out.

And another thing that has disappeared off the map is the trundling of houses through the streets. Remember when a fellow used to buy a house and then come down and look a house over and in a few minutes announce whether or not it could be moved. Many a house in Warren has been hiked from one part of town to another. Bill had a batch of big timbers and blocks and a capstan and with the aid of a bunch of fellows he would get busy. Long heavy timbers were put under the house after it had been raised with jacks and then planks would be laid and rollers put in place. Some of the rollers had heavy wheels and looked something like gigantic roller skates. The capstan would be taken some distance forward of the house and staked down. Then a cable would be attached to the house, horses would march around the capstan winding the cable and the house would inch its way forward. When Bill got those big roller skate contraptions the houses moved faster. One house that did a bit of moving is occupied today as an office by the United Lumber Company. It stood at one time on the site of the Conango Club and was given a tour up Market to Fourth and down Fourth to its present location on Beech street. Just wondering the other day if there is any equipment around today with which to

move houses or would the boys just load the house on a truck and hie away?

P. N. Belknap, local agent of the Pennsylvania Railroad was in yesterday with one of the new Pennsylvania railroad calendars. While here he held forth with some facts relative to the terrific lacing the railroads are taking due to the snow and ice of the past 30 day storms. He said the Oil City and Olean yards are jammed with cars for Buffalo and they cannot be moved as the Buffalo yards are filled with loaded cars. Many of them are carload lots of crucial materials for the war effort. The cars are packed with snow from the ground to the bottoms of the cars. This has been ice in so that each car has to be tugged out individually and the task is a seemingly endless one when it is figured that from 5000 to 10,000 cars are in the yards. Until these are moved no shipments can be made to Buffalo. The problem of getting coal into Buffalo is now getting to be a serious one. Erie too is suffering from a shortage of coal. To make deliveries to homes requires that the men carry the coal from the middle of the street into the home as the snow drifts prohibit driving close to a curb. After all Warren can be thankful that conditions here are as good as they are in the face of the severe storm that has swept over the country. State Senator L. E. Chapman, just home from Harrisburg said that the 15 inch snowfall there had broken all records and had transportation in the city effectively tied. He has been going down there for so long he is practically a native and cannot remember such a snowfall before.

Incidentally the Pennsylvania calendar is depicting in a series of calendars the various phases of transportation of the PRR system and symbolizing the great power in America is now being distributed. The picture on this year's calendar is that of a new streamlined four-cylinder steam passenger engine hauling a string of cars through the steel district against a background of blast furnaces. In extending the company's best wishes for 1945, W. S. Franklin, vice president traffic, states: "Greater than ever before in our national history, this power—provided by the American people, industry, agriculture and the railroads—is ready and immediately available to promote successfully the prosperity of peace when it comes through the heroic efforts of our armed forces. To all who have so heartily co-operated in keeping war and civilian needs moving the Pennsylvania Railroad extends its deep appreciation and thanks."

Pre-Induction Meet Monday For 2 Groups

For the two groups of selectees, leaving Warren and the county on Jan. 24 and 31, the Y. M. C. A. has scheduled a Pre-Induction meeting for next Monday evening, at 7:30 o'clock, in the "Y" building. Dr. Arnold Kippen, of the Warren State Hospital staff, will give the talk to the selectees regarding the life-adjustments they face upon induction, and his message will be followed by a question-and-answer period providing ample opportunity for the discussion of problems of all sorts. The information panel will be made up of men in position to give much helpful data. Since refreshments will be served, the "Y" is asking that those who plan to attend drop their reply cards in the mail no later than tonight, or telephone the Y. M. C. A. office. All selectees of both Boards are urged to attend, unless, of course, they have attended previous Pre-Induction meetings.

The Chicago White Sox won 10 games and lost seven in ninth innings last season.

Get Dimes (and Dollars) Marching

Swing into that March of Dimes that helps fight infantile paralysis. Every cent is needed, that disease requires more costly treatment than almost any other, averaging \$1000 a case. Contributions of Mr. and Mrs. America have enabled the National Foundation for Infantile Paralysis to make this costly care available. Keep up the good work!

ANSWERED TWO ALARMS
Firemen yesterday evening answered two alarms neither of which was serious and there was little loss in either fire. The first was at 5:02 to the Jean Carol Hat Shop on Liberty street. An electric wire running under the sidewalk had evidently become wet by water from the thawing snow and was sparking and smoking. The second alarm came from the East Side where a Dodge coach on which a

brake drum had become overheated was afire. It was soon extinguished.

APPROACH IS CLEARED
The approach to the Glade bridge from the east which has been in a rather dangerous condition for some time due to ice and snow was cleared yesterday by employees of the highway department much to the relief of those who use this highway.

MEN AND WOMEN IN SERVICE

PARATROOPER HOME ON SICK LEAVE

Mr. and Mrs. Albert Seymour, 28 Maple street, were given a happy surprise when their son, Sgt. Robert N. Seymour, arrived home on 21-day sick leave. He has recently returned to this country after 19 months overseas with a paratroop division, during which time he made 25 jumps, three in combat. He has seen action in Sicily, Italy, Holland and Germany and has a number of decorations awarded for special achievement. One of these is the Bronze Star, given for leading his patrol from a barn in which the unit had been trapped by the enemy for 24 hours. Another is the Silver Star, awarded for capture of Germans who attacked him while he was carrying a white flag. Another decoration is the Purple Heart, previously given for wounds received in action in Italy. After his leave he will return to Asheville, N. C., General Hospital for further treatment.

GETS PURPLE HEART AWARDED TO SON

Mrs. Eva Passinger, Hertzel street, has received the Purple Heart which was awarded her son, Pfc. Floyd Passinger, who was twice wounded in Germany and has been in a hospital in England. He expects to return soon to the front, according to messages received. Another son, Pvt. Paul, was last reported making improvement in a hospital in France following wounds he had received in action. A third, Cpl. Charles, participated in the recent breakthrough in Germany and was among those successfully rescued in the German shutoff.

Virgil Falconer, seaman second class, has completed his boot training at Sampson, N. Y., and has been transferred to the SeaBees. Following an 11-day leave with his parents, Mr. and Mrs. Stuart Falconer, Lander, he will report to Providence, R. I.

Canada Fights COUGHS

or
Bronchial Irritations Due to Colds

This New Amazing Way

By far the largest selling cough medicine in all Canada is Buckley's CANADIOL Mixture now being made in U.S.A. Compounded from rare Canadian Pine Balsam (by a secret process) Buckley's is entirely different from anything else you ever tried—all medication—no syrup. It's extra fast for Dad—yet gentle and mild for Mother and the little ones—mixed with equal parts of honey or syrup—they'll love it. Get a bottle today—take a sip or two then swallow slowly, instantly you feel its powerful effective action spread thru throat, head and bronchial tubes. Coughing spasms ease. Right away it loosens up thick choking phlegm—opens up clogged bronchial tubes—makes breathing easier. At Gaugh's Drug Store and all first class drug stores.

WHOSE CHILD NEXT?

Your child, my child—either of them may be next. They are two of the 32,150,000 children in the United States under 15 years of age and therefore candidates for infantile paralysis in the year to come. Today their legs race to and from school and through the fun of countless hours of play; tomorrow they may wake up twisting and turning as they burn with fever and struggle to straighten spasm-drawn limbs.

Infantile paralysis picks its victims from this wealthy home, from that tenement, from farms, from war production centers, from among the families of our fighting men, in small towns and large cities.

Warren county had an unprecedented number of victims in 1944, the dread disease striking America last summer with the greatest violence in 28 years.

Maybe you were one of those individuals who grumbled last year and the year before when the Zonta Club held its March of Dimes Tag Day. Maybe you were one of those solicited unsuccessfully for tickets for a President's Birthday Ball or bridge party in the several years before that. Maybe you were.

Again, maybe you were one of those whose dimes and dollars were given cheerfully to the National Foundation for Infantile Paralysis—to the Warren County Chapter—maybe it was your dime and your dollar that helped provide expert nursing care and hospitalization for every one of Warren county's victims.

It was a small stone that slew the giant, Goliath! Like that small stone, a little dime dropped into the March of Dimes container, becomes a powerful weapon against this enemy of children.

Remember that when you are stopped on the street tomorrow by some high school girl and asked to contribute to the March of Dimes.

RADIO COMPLAINS

(Editor and Publisher)

According to "Broadcasting" magazine, the National Association of Manufacturers plans to spend a million dollars in newspaper advertising to tell its program to America, and it proposes to spend \$100,000 on radio advertising—giving that publication cause to complain that that small amount for radio is "patronage money" and that "favoritism" is being shown the press.

This is the first time we ever heard of anyone spending a million dollars for anything because of "favoritism." It is our understanding that the N. A. M. has chosen newspapers for this job after a comprehensive study of all media, leading that organization to believe that newspapers reach the right people all the time and do the right kind of a job in promoting both sales and ideas through paid space.

Apparently, a great many advertisers feel that newspaper advertising is the place to sell ideas, as witness the spectacular growth of public relations and institutional advertising in the press. And it hasn't all been tax money, either, as there have been innumerable examples of purposes well accomplished.

Also, there is a growing list of advertisers who believe that newspaper space is the best spot for a sales message. The H. J. Heinz Company, which took its money out of radio to put it into newspapers, is just one of those.

And we predict the list will multiply rapidly when the story of newspaper advertising is properly and adequately told, as it will be for the first time through the expanded Bureau of Advertising.

"Let us in full confidence and just pride, even with trembling hand, stand at salute for the gallant men of the 112th Infantry and the 28th Division who so bravely stemmed the Nazi tide short weeks ago," suggested the Franklin News-Herald. Now, all together!

There are no ifs and ands about the cigaret shortage—and very few butts.

Remember your red points when serving a course dinner. Don't try to make both ends meat.

Four more Sundays before the beginning of Lent. Go to church Sunday.

Buying your full share of War Bonds makes you feel better—because you are.

Bonds Over America

KITTY HAWK

Distance was annihilated, war revolutionized by three years of glider flights and a 59-second motorized airplane test by the Wright brothers at Kitty Hawk, N. C. In 1928 residents of Kitty Hawk erected a monument to those historic tests: later the Federal Government dedicated the Wright Memorial Monument and a 350-acre park on Kill Devil Hill "in commemoration of the conquest of air by the brothers Wilbur and Orville Wright." Flights today of B-29's, fighter planes, scouts and transports prove how vital were those tests and inspire Americans to buy War Bonds for expansion of aviation to win complete victory.—U. S. Ice Hockey League Has Eight Teams

Plans are being completed for the formation of an Ice Hockey League in Warren. Co-chairmen of the league are Spinner Johnson and Bud Myers, who are working on league rules and scheduling.

Captains selected for the eight teams are Spinner Johnson and Bud Myers, Don Endress, Dick Massa, Elmer Mellander, Dick Munch, John Ward, and Bob Pring. Over the weekend teams will be chosen from the list of over seventy-five boys who have already signed up for ice hockey.

The Beauty Court was again flooded last evening. The Ice Maintenance Committee, headed by Bud Leuthold, is building up a good stretch of ice for the many skaters who have used the rink every day and evening. The committee has asked that skaters refrain from using the ice when it is not in shape for skating. Otherwise the work is doubled.

There will be ice skating on the court after the basketball game this evening. Saturday hours are from one o'clock until five in the afternoon and from seven until ten in the evening. There will also be supervised skating on Sunday afternoon from one until five.

Message Did Not Alarm As V-Mail Arrived

Youngsville, Jan. 19.—Mr. and Mrs. E. E. Hendrickson received a Government message Thursday morning stating that their son, Pvt. Warren Hendrickson was missing in action at Luxembourg on Dec. 20. A letter of this type is never reassuring but Mr. and Mrs. Hendrickson, father and mother of Pvt. Hendrickson, his wife, Mrs. Warren Hendrickson, were not as alarmed as they would have been had they not been hearing quite regularly from Warren. Three letters received are dated later than was the telegram report of the time he was missing in action.

They received a letter dated Dec. 5, stating that he had been in action almost continuously for days with no time for rest or change of clothing. Then there was a break in the letters and they did not hear again until the letter dated Dec. 27th when he wrote from a hospital somewhere in France. They also received letters dated Jan. 5 and 10th and their last message was the airmail letter of Jan. 10th date which came after the telegram announcing his being missing in action. It was written from an English hospital and was reassuring stating he was getting along O. K. had some dentistry work done and was catching up on new songs by listening to the radio.

He gave a new address which is as follows:
Pvt. Warren Hendrickson—

D. O. P.; A. P. O. 204 Care of Post
Master, New York City.

ENTERTAINED AT DINNER

Mrs. C. R. Hooven entertained at a six o'clock dinner Tuesday evening, honoring her friend, Mrs. Lillian Hirsch of Los Angeles, Cal. The Misses Callie Mead and Margaret Horan of Warren were other out of town guests. Mrs. Hirsch will be remembered as Miss Lillian Anderson, formerly of Youngsville.

Audition For Community Floor Show

There will be an audition in the Beauty School auditorium tomorrow morning at 10 o'clock for any young people who wish to try out for the community party floor show. Seven acts have already arranged for auditions this week, but the tryouts are open for any young people who are interested.

The floor show will be a part of the entertainment for the next community young people's party to be given in Beauty School a week from tomorrow. Young people are asked to arrange for their own accompanists.

An auditorium show is also being planned by Eleanor Peters and John Erickson. Anyone interested is asked to get in touch with either of them.

MONTGOMERY WARD'S TELEGRAM TO THE PRESIDENT

January 17, 1945.

The President of the United States
White House
Washington, D. C.

Mr. President:

At your personal direction, the Army seized Ward's Stores on December 28, 1944.

On the same day, you directed that a suit be filed in the Federal Court to decide whether you had any right to order this seizure.

The Constitution makes it the supreme law of the land that "No person shall be deprived of life, liberty, or property without due process of law." The Supreme Court has said that an order which is before the Courts should not be executed before the judges have declared its legality.

In defiance of this safeguard of liberty, you have ordered the Army to place in immediate effect the arbitrary and illegal orders of the War Labor Board without awaiting the decision of the Courts.

You have ordered these War Labor Board directives placed in immediate effect despite the fact that the Courts have held them to be legally unenforceable. And despite the fact that in issuing them the Board refused to give Ward's the hearings required by the War Labor Disputes Act.

You have ordered the Army to place in effect a wage directive at Portland, Oregon, which a representative of the War Labor Board admitted on January 9, 1945, was unworkable.

You have ordered the Army to place in effect wage directives at St. Paul, Minnesota, which unfairly discriminate against 60% of the employees. When several hundred walked off their jobs in protest against your command, the Army forced them to return by threats of criminal prosecution.

You have ordered the Army at Denver, Colorado, and Jamaica, New York, to increase wage rates which the War Labor Board admitted were already higher than those paid by Ward's competitors. No increases have been ordered against these competitors.

Finally and most importantly, you have ordered the Army to impose that form of the closed shop called Maintenance of Membership. Obedience to your order will require the discharge of all employees who have chosen not to maintain their union membership, and deny to them the liberty to choose whether or not they wish to remain union members.

Wards, in opposing the closed shop in all of its forms, has not been prompted by any feeling of anti-unionism. Wards has fully recognized the freedom of all its employees to join or not to join a union as they wished. And has assured all employees that their opportunity with the company will be the same whether they are union members or not. Wards refusal to accept the closed shop arises solely from a determination that its employees be secure in their individual liberty to join a union or not—free of the fear of physical injury, damage to their property or loss of their jobs.

Wards in opposing the closed shop, has not acted against the wishes even of its unionized employees. In the seized store at Chicago on December 15, 1944, 90% of the employees through a signed petition declared against the maintenance of membership requirement. Spokesmen for the unionized employees in the four seized stores at Detroit have openly stated that they do not desire maintenance of membership.

Wards has been singled out for unequal treatment. The Army has been used to enforce orders of questioned legality without first giving the Courts an opportunity to make a decision. These are the methods of dictatorship.

The legality of your order commanding the seizure of Ward's properties is now before the Courts for decision. Wards respectfully calls upon you to order the Army to withhold the taking of action which would deprive Ward's employees of their liberty and Wards and its customers of their property until the case has been decided in the Courts as required by the Constitution.

MONTGOMERY WARD & CO.
SEWELL AVERY,
Chairman.

WHOSE CHILD NEXT?
Your child, my child—either of them may be next. They are two of the 32,150,000 children in the United States under 15 years of age and therefore candidates for infantile paralysis in the year to come. Today their legs race to and from school and through the fun of countless hours of play; tomorrow they may wake up twisting and turning as they burn with fever and struggle to straighten spasm-drawn limbs.
Infantile paralysis picks its victims from this wealthy home, from that tenement, from farms, from war production centers, from among the families of our fighting men, in small towns and large cities.
Warren county had an unprecedented number of victims in 1944, the dread disease striking America last summer with the greatest violence in 28 years.

Maybe you were one of those individuals who grumbled last year and the year before when the Zonta Club held its March of Dimes Tag Day. Maybe you were one of those who solicited unsuccessfully for tickets for a President's Birthday Ball or bridge party in the several years before that. Maybe you were.

Again, maybe you were one of those whose dimes and dollars were given cheerfully to the National Foundation for Infantile Paralysis—to the Warren County Chapter—maybe it was your dime and your dollar that helped provide expert nursing care and hospitalization for every one of Warren county's victims.

It was a small stone that slew the giant, Goliath! Like that small stone, a little dime dropped into the March of Dimes container, becomes a powerful weapon against this enemy of children.

Remember that when you are stopped on the street tomorrow by some high school girl and asked to contribute to the March of Dimes.

RADIO COMPLAINS
(Editor and Publisher)

According to "Broadcasting" magazine, the National Association of Manufacturers plans to spend a million dollars in newspaper advertising to tell its program to America, and it proposes to spend \$100,000 on radio advertising—giving that publication cause to complain that this small amount for radio is "patronage money" and that "favoritism" is being shown the press.

This is the first time we ever heard of anyone spending a million dollars for anything because of "favoritism." It is our understanding that the N. A. M. has chosen newspapers for this job after a comprehensive study of all media, leading that organization to believe that newspapers reach the right people all the time and do the right kind of a job in promoting both sales and ideas through paid space.

Apparently, a great many advertisers feel that newspaper advertising is the place to sell ideas, as witness the spectacular growth of public relations and institutional advertising in the press. And it hasn't all been tax money, either, as there have been innumerable examples of purposes well accomplished.

Also, there is a growing list of advertisers who believe that newspaper space is the best spot for a sales message. The H. J. Heinz Company, which took its money out of radio to put it into newspapers, is just one of those.

And we predict the list will multiply rapidly when the story of newspaper advertising is properly and adequately told, as it will be for the first time through the expanded Bureau of Advertising.

"Let us in full confidence and just pride, even with trembling hand, stand at salute for the gallant men of the 112th Infantry and the 28th Division who so bravely stemmed the Nazi tide short weeks ago," suggested the Franklin News-Herald. Now, all together!

There are no ifs and ands about the cigaret shortage—and very few butts.

Remember your red points when serving a course dinner. Don't try to make both ends meet.

Four more Sundays before the beginning of Lent. Go to church Sunday.

Buying your full share of War Bonds makes you feel better—because you are.

Bonds Over America

KITTY HAWK

Distance was annihilated, war revolutionized by three years of glider flights and a 59-second motorized aeroplane test by the Wright brothers at Kitty Hawk, N. C. In 1928 residents of Kitty Hawk created a monument to those historic tests: later the Federal Government dedicated the Wright Memorial Monument and a 350-acre park on Kill Devil Hill "in commemoration of the conquest of air by the brothers Wilbur and Orville Wright." Flights today of B-29's, fighter planes, scouts and transports prove how vital were those tests and inspire Americans to buy War Bonds for expansion of aviation to win complete victory. U. S. IRVINEDALE UNIT

Mrs. Samuel Lannen was in charge of the regular meeting of Irvinedale PTA, which opened with a selection played by Mrs. Isabelle Mead, the Lord's Prayer and salute to the flag. Routine reports were followed by the president's announcement that the February meeting will be in observance of Founders' Day.

Sara Gerardi gave an interesting report on health conditions and Miss Betty Gentilman gave a talk and demonstration on the Kenny method of treating infantile paralysis patients. To conclude refreshments were served by the committee.

To have shortening and fats ready for creaming in making cakes or cookies, leave them at room temperature in a porcelain enameled utensil until ready to use.

Fourth Inaugural Style Note

(NEA Telephoto)

Mrs. Roosevelt shows you her fourth inaugural ensemble: At right, a soft crepe dress of "Potomac Navy" blue high-lighted with stand-up revers and coin-shaped inserts of "Capitol Blue" fallie. Her hat is a navy sailor trimmed with bow, flower and veil. Because the ceremony will be outdoors, the dress has a three-fourths length companion coat in "Capitol Blue" wool lined with "Potomac Navy" crepe, as turnback revers reveal. For the inaugural reception she will wear the gown at left in a warm shade called "Mayflower Mauve." Sleeves of hand-run lace are sparkled with matching sequins cut in the shape of shamrocks to symbolize the fact that Mr. and Mrs. Roosevelt were married on St. Patrick's Day.

Junior Class Is Preparing a Play For February 15th

The class of 1946 will give its annual dramatic presentation, "Let's Get Together," on Thursday evening, February 15, in the high school auditorium.

A comedy in three acts, "Let's Get Together" was written by Katharine Kavanaugh and is directed by Mrs. Phyllis Stanley, dramatic instructor at the high school.

The cast for the play is made up entirely of high school juniors whose names follow: John Robertson, Jim Wyckoff, Don White, Jack Harrington, John Knapp, Herbert Schuetz, Rachel Smith, Nancy Maneval, Marcia Johnson, Elvia Lowe and Jeannine Hunzinger.

Doris Heilmann has been chosen director and the promoters are Joyce Rapp and Roberta Rohrer.

Miss Elizabeth Eigner, of the Girl Scout national staff, will be in Warren next Tuesday and Wednesday, January 23 and 24, meeting with Troop 100 on Tuesday evening and with the training and camp committees of the local council on Wednesday. At this latter session, plans will be made for a weekend training for Girl Scout leaders to be held at Camp Bird-sall Edey on May 18-20.

Miss Eigner is much interested in Troop 100, as organizations of all adults in Girl Scouting are still in the experimental stage and Warren county was one of the first in the country to use the idea.

The subject for Tuesday night's meeting will be "Democracy in the Girl Scout Troop". Miss Eigner will lead the discussion, which will include the three age levels, Brownies, Intermediate Girl Scouts and Senior Girl Scouts.

All leaders, council members, members of council committees and troop committees have been invited to the meeting and to the tureen dinner which will precede it at 6:30 o'clock at the YWCA.

EVERYONE WELCOME

Plan Dedication Of Infant at the Citadel Sunday

The dedication of David Warren Brandenburg, infant son of Adjutant and Mrs. A. Brandenburg, will take place at the Salvation Army, 218 Pennsylvania avenue, west, on Sunday, January 21, at 7:45 p. m.

Brigadier Ralph Miller, divisional commander of the Salvation Army in western Pennsylvania, will perform the service of dedication. The Brigadier will also be commissioning several local officers of the Warren Corps. Brigadier Miller is one of the Salvation Army's outstanding public speakers and will give a stirring message before the close of the service.

The leader of the dedication service will be Major Alice Hinkle who has charge of one of the Salvation Army Corps in New York City, and is the mother of Mrs. Brandenburg.

Some of the old timers will remember Adjutant and Mrs. Hinkle when they were stationed in Warren, during World War I. At that time Adjutant Hinkle took a group of Salvation Army lasses to France where they served on the front lines. Mrs. Hinkle remained in Warren and carried on the Salvation Army work. Mrs. Hinkle hopes that many of her old friends will be at the meeting so that she can greet them and Adjutant Brandenburg extends a warm welcome to the public.

Calvary Baptist Members - Friends Welcome Minister

About 250 members and friends gathered in Calvary Baptist church Wednesday evening to welcome its new pastor, Rev. C. L. Wessman, and his family. In addition to a delegation from the Chandler Street church in Jamestown, the First Baptist and Bethlehem Congregational churches here, many other churches were represented by friends in the group.

Rev. B. E. Armstrong was in charge of the program for the evening, with remarks by Rev. B. E. Hedberg, of Jamestown; Rev. Harold Knappenberger, Rev. P. E. Landerdahl, F. H. Hetrick, Warren, Miss Viola Lindmark was accompanied by Mrs. Clarence Swanson for her contralto solos and Miss Janet Ahlgren was at the piano for a duet sung by Mrs. Helmer Backstrom and Miss Ellen Swanson.

Mr. Armstrong presented the Wessmans with a purse of money from the group and Mrs. Wessman was given a corsage from the Dorcas Class. Mr. Wessman expressed their gratitude and closed the program with a few remarks and prayer.

Receiving with the honored guests were Mr. and Mrs. Henry Blick and Mr. and Mrs. James Holmberg.

A social time in the church parlors centered about a table attractively appointed with white pompoms and buddies and white candles. Philathea Class members supervising this portion of the program.

Church Notes

At the First United Brethren church at 11 a. m. Sunday, Pastor R. H. Eggleston will use for his subject "The Christian Church and Her Responsibility". Miss Isobel Shearer will sing a vocal number. There will be no Christian Endeavor nor evening service because this congregation is uniting with First Evangelical church in the closing revival service.

Special events listed in Bethany Lutheran church at Sheffield in the coming week include: Tuesday, 8 p. m., Young Women's Bible Class; Thursday, 8 p. m., Teachers' meeting; Thursday, 8 p. m., Luther League.

Installation of newly elected deacons and trustees will take place at the vesper service in Moriah Lutheran church in Ludlow Sunday evening. Other events posted for the week include a meeting of the board of administration at 7 p. m. Thursday, when officers within the board will be elected; Luther League at 7:30 p. m. Thursday and confirmation instruction at 10 a. m. Saturday.

Pastor Wayne Furman, of First Methodist church, will give the third in a series of sermons on "Sin" at the 11 a. m. service Sunday, his subject to be "Punishment for Sin". The choir will sing MacFarlane's "Open Our Eyes". Charles Peterson will be the leader for the 6:30 Youth Fellowship session, when the discussion on the Philippines will be continued. Church school will convene at the usual 10 a. m. hour.

"Deep Down Things" will be Rev. Harold C. Warren's sermon topic at First Presbyterian Sunday morning. Jackson Barrell will play two movements of Handel's Concerto No. 6 for Organ, the large and allegro moderato. The anthem for the morning will be "Father, To Thee We Pray" by Bach-Gounod, with Mr. Barrell at the organ and Mrs. Harold Flowers at the piano. A ladies' chorus will sing the offertory number, "Open Now the Gates of Beauty" by Neander. The Sunday Evening Bible Class will meet at eight o'clock in the Sunday school auditorium.

First Baptist church members will again be addressed on Sunday morning by Dr. H. H. Barr, retired Methodist minister.

Tonight's theme at the First Evangelical revival service will be "Bought With a Price", all members of the household to be present for special Family Night. At the 11 a. m. service on Sunday, Revivalist Roger Montague will speak on "Choosing the Right Way" and for the union service in the evening, "The Conversion of a Quisling". He will sing in each service, accompanied by his wife, and for Sunday evening will choose his own arrangement of "The Ninety and Nine".

Pastor P. Elmer Landerdahl, of Bethlehem Congregational church, will begin a series of meditations on the Lord's Prayer at the 11 a. m. service Sunday, using the topic "Speaking to Our Father". For the evening service at 7:30 o'clock, a new service flag, an American flag and a Christian flag will be dedicated.

An installation service for officers elected at the annual congregational meeting on January 8 will be held in connection with the regular morning worship period at St. Paul's Lutheran church on Sunday. The service will be conducted by the pastor, the Rev. Nore G. Gustafson, who will install the following: John A. Johnson, Harry Leafstrom, Ray Danielson, deacons; Ned Johnson, Carl Lundahl, Robert J. Swanson, trustees; Richard Osterman, Sunday school superintendent; Harold Passenger, assistant superintendent.

Hitler said that men who knelt to pray Could not rise to fight

Men who are humble enough to pray with **COURAGE** in their **SINCERITY** become surrounded with a light which neither land nor sea can give.

To see such a light in any **ZERO HOUR** requires as much training of the soul as any other fine art. Christ was so trained in **HOME** and **CHURCH** and He saw that light in Gethsemane and on the Cross.

Your church can train you to see that light if you give it a chance.

THE INAUGURAL SCENE

AP Newsfeatures

This is the layout for the inaugural of Franklin Delano Roosevelt and Harry S. Truman as president and vice president, respectively, on Jan. 20 on the back porch of the White House in Washington, D. C.

The ceremony will last about 12 minutes and this year there will be no customary parade. After the invocation, Mr. Truman will be sworn in, then the President. Mr. Roosevelt will then make a five-minute address.

There will be between 5,000 and 6,000 guests. The general public will not be admitted but thousands will watch the proceedings outside the White House fence on South Executive street. There will be no seats even for the 125 favored guests on the portico, itself, where the oaths are administered.

Those on the portico, in addition to the President and Mr. Truman, will include members of the Cabinet, the Supreme Court, the family and close friends of the President, the White House secretaries and the President's military and naval aides. All will be accompanied by their wives.

EYES RIGHT...FOR VICTORY

The word "precision" has become synonymous with American air might, just as it is associated with America's giant war production success. And precision—a major key to Victory—depends almost entirely on good vision. Never was the necessity for good vision more important than now—with you—in whatever job you are engaged. Be wise—keep your vision at top, for good vision will help win the decision.

THE PRESIDENT'S FOURTH TERM PROBLEMS

WINNING THE WAR

First on the list is conquering Germany. Then the nation's whole military weight can be turned on Japan to win the Pacific war.

AP Newsfeatures

WHEN Franklin D. Roosevelt takes office for his fourth term as President of the United States, he will also enter what may be the most turbulent period of his—and the nation's—career. These are the major problems he must face:

PLANNING THE PEACE

Blueprints for a world working together must be made by Roosevelt, Churchill and Stalin, along with statesmen of liberated nations.

DEMOBILIZATION

Getting America's servicemen back into civilian life will be a major adjustment job.

SOCIAL PROBLEMS

Need for adequate health and education program was stated in recent Presidential talk.

TAXES

Tax revision to spur private enterprise and pay off the national debt will be required.

EMPLOYMENT

Shutdown of war plants and servicemen's return must be offset by peace production.

Seventh Day Adventists To Raise Funds

Challenged by "world conditions calling for the dedication of every energy" of the church service, the Seventh Day Adventist congregation in its annual business meeting mapped plans for the new year, while reviewing accomplishments of the church during 1944.

Reports given by officers and department leaders revealed encouraging growth. Tithes and offerings contributed by the members for extension of gospel work

amounted during the year to \$7,018.49, an increase, according to the treasurer, of \$1,176.73 over the record for 1943. Of this amount \$1,851.16 came in through the Sabbath school, as it is the custom of the denomination to use all Sabbath school offerings for the extension of foreign missions work. The Dorcas Society reported that along with other work during the year it had just completed the collection and packing of several boxes of clothing to be sent to help the needy in war-torn countries of Europe.

The Warren church will heartily participate in the raising of a five million dollar post-war reconstruction fund during 1945, this to assist in the rebuilding of churches, schools and hospitals destroyed in 20 European countries and in the

Far East. This is in addition to the 1945 appropriations regularly voted by the General Conference for the support and extension of the work of the church in foreign lands and in this country. Adventist churches in North America will endeavor to raise one million dollars in a single offering to be taken on Saturday, February 3, this to apply on the rehabilitation fund.

Officers for the Warren church in the coming year are: Local elder, O. Johnson; deacons, Lewis Nelson, A. E. Daugherty; treasurer, Mrs. Valley Daugherty; Sabbath school superintendent, Mrs. Irene Miller; Young People's Society leader, Robert Gleason.

CEILING ON HELMETS
Safety helmets originally purchased for Air Raid Wardens by the Office of Civilian Defense, over 300,000 of which are to be sold by the Procurement Division of the Treasury Department, will have a retail ceiling price of \$1.10 each, the Office of Price Administration has announced. These helmets are made of metal, white enameled, with cloth "gear" and with adjustable head band and chin strap.

THEY DON'T WANT YOUR PITY---

THEY NEED YOUR HELP!

Ask your weary fighters who stormed Rome what they think of the WACs.

"Terrific!" they'll say. "WACs handled those vital switchboards behind our lines like veterans!"

Ask your men who have bombed the spirit out of Germany what they have to say for the WACs.

"Great!" they'll shout. "WACs don't miss when they transmit our radio messages!"

Ask the wounded what they think of the WACs in Army hospitals. They find it difficult to convey their immense gratitude—their deep respect for those patient, gentle women.

Ask a commanding officer of the United States Army how he rates the WAC. He'll tell you this:

"They're alert on their jobs, and they know their jobs! They're soldiers—through and through. I wish I had more!"

Sportsmen Find Snow Is 3 Feet Deep

Despite the severe cold a party of sportsmen spent Wednesday night in a camp in the woods and spent much time in arranging feed for deer and small game. They measured the snow in the woods and found it was "axe handle deep". As an axe handle, according to woodsmen is three feet the snow is plenty deep. The group also observed the tracks of deer and discovered that as the animals make their way through the woods they plow a path with their chests as the snow is so deep.

The men cut a quantity of young second growth to afford animals food but they also report that the deer are evidently not as hungry as had been reported. They discovered that the deer are not stripping the young trees of succulent twigs but are browsing about indicating they are still rather "choosy" in the selection of their food.

Feeding stations for small game were also established and a large quantity of stale bread was put out. Observation showed the bread had not been touched yesterday.

DEER IS A PET
John Dailey, who resides on the Tidoute road near Dunn's Run has a pet deer that refuses to leave the farm. It was picked up when a fawn and became a pet of the family. Petted and fed at the farm house it formed a habit of coming into the home. Finally it grew so large that it ate from off the table and had to be excluded from the home. Now full grown it still stays around the farm house and refuses to leave.

Sylvanians Upset By Bloms In Y Loop and Struthers Eke Out a 41-37 Win Over Bakers

Approximately 75 fans witnessed two top-notch ball games at the YMCA last night, and were well satisfied, as they saw the heavily favored Sylvanians crew upset by the Blomquist and the Struthers team snap out of a coma to step into first place along with the National Forge.

Both games could equal, if not better, any two ball games played this season at the Y and in the City cage loop. All four teams were forced to be on the move every minute of the games in order to keep up.

In the first encounter, Sylvanians felt the loss of point-getter Red Hand as the fast and snappy Blomquist crew went wild in the third period to secure a safe lead and down the Sylvanians, 34-31. Blomquist jumped off to an early first quarter lead, 10-7, and still held the long end of the count at halftime, 19-17. This game turned out to be a first class battle royal as both crews endeavored to move ahead far enough so as to prevent its opponent from creeping up. Jim Krespan moved the high schoolers into the spotlight as he hit consistently from mid-court to pace the furniture quint to a 13-point rally in the third stanza to the electricians' 2. The Sylvanians five battled back, but the Sylvanians five failed to move within close enough range.

In the nightcap, a group of high schoolers stole the show and almost upset the ironworkers crew but they were not good in the final period. The youngsters had the Struthers crew on the run and equalled them on the boards. At the first period mark, the score stood at 7 apiece with the Bakers still going strong. A 15 point scoring jaunt in the second period put Struthers ahead 24-17 as Diz Hines blew the final whistle ending the first half. Coming back with renewed energy, Bakers copied the third stanza scoring honors, outpointing the Wellsmen, 11-9. A most aggressive Baker kept under control through the first three quarters and played heads up but during that time, giving Struthers a strict run for their money. But as the intensity grew in the final period, the evidence of experience resulted in the high schoolers losing control and getting wild. The veteran Struthers outfit managed to hold its lead although they were out-scored 13-10 in that quarter. Just as the final whistle blew, Harrington, who did an outstanding job on the backboards for Bakers, dumped in a long shot, but it wasn't quite soon enough to come within two points of the clever Struthers Wells quintet. Bakers missed consistently at the free throw line to throw away a crack at the first place spot.

Commercial League

Times Square retained their lead in the second half race by taking 3 points from Peneloe though the Electric boys threw a scare into them by taking the second game.

Olson-Bjers pulled a fast one by taking 3 from Rudolphs, which put the Gasoline men up there with Times Square in the top spot. Fox Bros. fell victims to an attack of splits, having a nice total of 34 in their match. This gave Williams a 3 point victory "on a platter".

The Nationwide gang took 3 from Chimentis, although handicapped by having only 5 men. High totals of the evening were rolled by Mike Bleach with 599 and F. Rapp with 585.

Dragons Entertain Rockets Tonight; Newell Company Is Opponent at Jamestown Sat.

Faced with a heavy weekend cage slate, Joe Massa's Dragons have gone through stiff practice sessions throughout the week so as to be in the best of form for their two night performances. Tonight's Warren-Titusville flare-up begins promptly at 8:30, preceded by a fast preliminary between the two school's junior varsities. In tonight's battle, Joe Scallie will be out to place himself in undisputed possession of first place in the District Ten, Section Two title race. Just what the Rockets have to offer is still a mystery, but what they do put up before the Dragons will be tough, and no easy win for the locals.

Tomorrow evening's do-or-die battle on the Senior High School court at Jamestown will see scores of loyal Warren followers making the trip to see whether or not the locals can trip 6' 8" "Splinter" Newell and Company. The Red and Green hardwooders have yet to be defeated, but their record may be split wide open when they tangle with the Dragons for the second time this season. The fast crew's 34-33 win over the Massamen is evidence that neither team will find it easy going and that it will be a fight to the finish.

Warren mentor Joe Massa will start his regulars in an attempt to out-manuever the aggressive Jamestowners and put a stop to

the reign of the six-foot, eight inch giant, who plays havoc with players and ball alike when in battle. Joe Scallie and Julian will be at the forwards, Al Babcock in the center post, and Bob Hammerbeck and George Lucia at guards.

Roland Taft is keeping it under his hat just who will fill the four posts along with Newell. He will probably depend on Black and Milioto at the forward posts, and Dykeman and Minium at the two defensive positions. These boys are all small and fast, Newell capably managing the backboard.

The main battle tomorrow night is scheduled for 8:30 o'clock with the Warren seconds and the Jamestown junior varsity scheduled at 7:30.

Pinehurst, founded by James Tufts in 1895, will celebrate a golden anniversary this year.

BEHIND THE LINES

Service Column

Cpl. Gerry Peterson, who used to do the whistle-tooting around and about Warren before he entered the armed forces, is keeping in touch with the sport world by officiating college and high school games in South Carolina where he is stationed. He is also refereeing army games played down there and hopes to continue in his striped-shirt career when he returns to Warren. . . . Johnny Kane, home on furlough, tells about meeting Chuck McLean at the Camp Bland, Georgia, army base, and doing a little ball playing. You will recall that both these boys played with the Struthers-Wells baseball team last summer before going to Hornell in the PONY League. McLean also starred on the high school's baseball, basketball, and football squads. . . . Chuck Brown, substitute pass-thrower on the 1944 football squad, leaves next week to enlist in the U. S. Merchant Marine. . . . Stan Mussal, slugging outfielder for the St. Louis Cardinals, is scheduled for Uncle Sam's army today. . . .

Elk League will have a new addition next week—that of Everett Eddy. . . .

Several of the teams in the YM City cage loop are bickering to bring in more out-of-town clubs for exhibitions at the Y. There seems to be a problem of finance which the teams can hardly be expected to contend with. There is only one way in which these teams can secure enough money to bring in outsiders and that is the full-fledged support of the town's basketball followers. Last night's attendance at the Y numbered about 75 paid admissions. With a total of 100, they could easily bring in the neighboring clubs from Jamestown, Bradford, etc., and face no possibility of "going under." So why not give them a little backing up?

Byron Nelson and Sammy Sneed, the nation's leading green experts better take heed to the little red signal being flashed by curly-haired Johnny Revolta, of Evanston, Illinois. With the opening of the \$5,000 Tucson, Arizona, Golf Open, Revolta smashed ahead to place among the top-notchers of the nation. Look out, gentlemen!

Two of the community's "invalids" donned their playing equipment last night at the YVCA and proceeded to make their return "debut" to the City loop. Dick Finley and Dumps Petersen were in there battling it out with the rest of them. But, Mr. Finley wasn't as chipper after the game as he was before.

British Take Hongen

Inside Reich Border

(From Page One)

and Trier at the same time.

(The German radio said the Allies had opened a broad offensive on the southern flank of the Belgian salient between Wilts and Wal-

landers.)

Hongen, which fell to the British Second Army with American artillery support, is 38 miles from Dusseldorf on the Rhine. It lies about eight from the Roer river, along which the U. S. 9th Army held static positions within 26 miles of Dusseldorf, an arsenal city of 540,000.

All along the British front curling from Gellenkirchen to Roermond, German defenses stiffened after the Tommies has gained more than four miles and driven the foe from a least eight villages. The main Roermond-Sittard road was broken. The British crossed that road from Echt and fought into Schilberg. They also seized Heide, a half mile north of Echt.

German infantry in battalion strength launched several attacks yesterday between Echt and Schilberg, but were beaten off.

Far north in the flooded no-man's land two miles north of Nijmegen, a strong German fighting patrol attacked British outposts and held their ground overnight, renewing the assault at dawn. This was not believed to be a major thrust, however.

Snow slanted down again on the northern half of the western front. Rain fell in the south.

Third Army infantry won control of a third of the picturesque Luxembourg town of Diekirch (Pop. 3,700) in a pass leading four miles into Germany. The old world town, nestled in snow in a deep valley, was virtually surrounded. Gains in the new attack averaged around two miles.

Other troops of Lt. Gen. George S. Patton's army pushed east to a junction of the Sure and Our rivers at the Tommies border, just west of the Siegfried line. They fought inside Erpeldange and Bettendorf, three miles on either side of Diekirch.

Inside Germany itself, the enemy recaptured Butzdorf, 13 miles southeast of Luxembourg city.

The capture of Rosport and Wasserbillig, also on the German border, broadening the Allied front pointed at Trier, pivot of the Siegfried line. The battle was fought in a slowly deepening wedge between the Moselle and Saar rivers on the distant approaches to the Rhine city of Koblenz.

On the north side of the Ardennes salient, there was heavy but inconclusive fighting for St. Vith. Lt. Gen. Courtney H. Hodges' First Army was clearing a defile south of Ondervall, north of the road center.

Mr. and Mrs. P. N. Knudsgaard have received word that their son, Flight Officer Vincent A. Knudsgaard, has arrived in China and is now attached to the 20th Bomber Command. F/O Knudsgaard was formerly based at Memphis, Tenn., and assigned to the ferrying division of the Air Transport Command.
